7.1.9 Health Services

Policies and Procedures for Medical Care

Paine College Health Services requires all students and transfer students enrolled for eight semester hours or more to have a completed physical exam prior to registration.

Paine College requires all students enrolled students to complete the Institutional Medical Form and Immunization Form and send them directly to the Office of Student Affairs.

The Vice President of Student Affairs may require a student to leave the Residence Hall at the recommendation of a licensed physician.

The Counseling & Wellness Center will not assist with student absences related to illnesses when the student chooses to go home for reasons contrary to the recommendation of a licensed physician.

Medical records are confidential and become property of The Office of Student Affairs. These records will not be duplicated or transferred without a written release signed by the student (*and parent if the student is a minor*) or via court order.

The student is responsible for ALL costs/expenses associated with seeing a licensed physician and/or his/her associate(s).

****Please note: Students are required to have primary medical insurance.**

Procedures

The Counseling & Wellness Center will complete all necessary forms and provide the student with a list of local resources that offer services.

All illnesses or accidents should be reported to the Counseling & Wellness Center. If an illness occurs after business hours, the student should report to the appropriate Residence Hall Director or Campus Police.

If emergency care is needed, Residence Life staff will assist in making necessary arrangements for the student to be transported by the Campus Police. The illness or accident must be reported to the Counseling & Wellness Center the next day.

IMPORTANT: Campus Police will only transport students to the local hospital emergency room.

Students should present insurance and/or any other health benefit cards when referred to one of the College's community partners or to the emergency room. A list of all prescription medications must be on file in the Office of Student Affairs.

Students should provide their own supply of over-the-counter medication. Students may keep their prescribed medication in their room.

Students requiring bed rest as ordered by a physician will be given a **"SICK TRAY"** slip for meals. These slips are issued by The Office of Student Affairs and delivered to the dining room office. The Resident Hall Director will issue the slips on weekends.

In the event of certain medical emergencies, it may be necessary for a student to be transported to the nearest hospital/emergency room in college owned vehicles. **IF THIS SERVICE IS REFUSED BY THE STUDENT, THE COLLEGE WILL ASSUME NO FURTHER RESPONSIBILITY.** However, parents/guardian will be notified of student's refusal of care. The student will be required to sign a refusal for care form.

Medical Excuse for Class

The Counseling & Wellness Center will notify professors of absences from class due to short-term illness and injury when supporting documentation is presented. Confidentiality will be maintained and specific details concerning the absence will not be disclosed.

Note: When the Counseling & Wellness Center agrees to issue medical excuses to students, these notes will not excuse the absence, nor will they guarantee the student will be permitted to make up tests or other missed assignments. *However, faculty members will determine when an absence is considered "excused" and if the student will be allowed to make up missed assignments.* The medical excuse simply documents that the student's illness makes them unable to participate in class for the time period designated and notifies the professor that the appropriate documentation is on file in the Division of Student Affairs.

7.1.16 Work Study

The Paine College Financial Aid Office is the designated central clearinghouse for all federal and institutional student employment. The Financial Aid Office selects, on the basis of financial need, as many students for the work study program as funding allows. Employment positions are available on campus or in approved non-profit, off-campus organizations.

The Work Study Program provides valuable experiences to students both in and outside of their field of study. Paine College focuses on all work that is beneficial to the student since employers generally seek prospective employees with relevant work experience. The student employee is expected to be responsible, dependable, and conscientious. Please refer to Volume III, Section 3.7 for a listing of specific employment related policies pertaining to work study employees.

Students are afforded equal opportunity without regard to race, color, national or ethnic origin, are, gender, religion, sexual orientation or physical or mental disability. Student employees are extended the same privileges of appeal regarding terms and conditions of employment, according to due process procedures, as are full-time College employees. The Financial Aid Committee shall serve as the final board adjudication.

To be offered Work Study, a student must apply for financial aid on or before the priority deadline and must demonstrate sufficient financial need. Work study funding may not be available for all eligible students, since funds are awarded from a limited annual allocation; once that allocation is committed, new awards cannot be made.

In order to qualify for employment under any Work Study Program, a student must be enrolled for at least 12 hours Fall and Spring Semesters. Only students who have been awarded Work Study funding by the Paine College Financial Aid Office can be hired for Work Study positions. Since Work Study is financial aid, a student's eligibility and earnings limit are based on factors that are not job-related. Work Study funds are awarded to the student, not to the employer. We cannot guarantee that all requests for Work Study student employees will be filled.

7.2 GENERAL STUDENT POLICIES

The policies in this section identify many, but not all, of the important policies and regulations that apply specifically to students. Students are to be reminded that as members of the Paine College community, they are expected to adhere to all published rules, regulations, and policies, including those set forth in the Catalog and Volumes II (Community Policies), VI (Academic Policies), and VII (Student Life Policies) of the Paine College Policy Manual. Students also are obligated to adhere to the laws of the city, county, state, and nation. Failure to comply with Paine College policies and regulations may subject a student to disciplinary action as defined in the Student Code of Conduct and Responsibility in Section 7.5 below.

7.2.1 College Assembly

The purpose of the college assembly/convocation is to disseminate information of mutual concern to the Paine College family and to present educational, cultural, campus information, and other programs to students. Each student is expected to attend all assembly/convocation programs as these programs are an integral part of the College experience. (They represent the affective component of the curriculum.) A student may miss a maximum of two assemblies per semester without penalty. A student who misses more than the two allowed programs will have one-half semester credit hour added to the graduation requirements for each absence beyond the limit. Staff members in the Office of Student Affairs will monitor and document compliance with the assembly/convocation policies.

As the Center for Advanced Professional Studies (CAPS) generally provides educational opportunities for working adults, these students are eligible for exemption from the Assembly requirements. In order to be exempt, a CAPS student must provide written documentation to the Office of Student Affairs each Fall and Spring semester. The documentation should include the name of the student, LION ID number, place of employment, and work schedule. The student will receive notification of exemption approval via email within seven days of documentation submission. In some cases, additional documentation may be requested. Completion of the exemption process is the responsibility of the student and is not automatically granted because a student is enrolled in CAPS courses. A copy of the approval will be forwarded to the Office of Academic Affairs.

7.2.2 Peters Campus Center

Students, faculty, staff, alumni, organizations, clubs, and guests of Paine College may use the Campus Center facilities with appropriate approval. Guests and alumni may use the facilities only to the extent that such use does not interfere with the use of the Center by students enrolled at the College. All persons and organizations who occupy the Center's facilities are subject to the rules and regulations established by Paine College which govern the use of the Center. Failure to cooperate with persons employed to enforce College rules and regulations will result in disciplinary action or expulsion from the Center. Use of the Campus Center facilities must be requested by using forms provided by the Office of Student Affairs.

Campus Center Rules and Regulations

1. Pets and animals are not allowed in the Campus Center building.

General Building Policies

The following regulations, in addition to other stipulations which may be made upon scheduling, should be followed:

The Office of Student Affairs will serve as a central clearinghouse for all social functions, conferences and meetings.

A requisition must be completed and submitted within the approved timeframe before a date will be confirmed on the official calendar. Some weeks are reserved and blacked out annually. These weeks are not available for student events. All student activities must be approved by the organization's advisor(s), the organization's president, the Director of Student Engagement, the Campus Police, the building supervisor, the Director of Food Service (when necessary) and the Office of Students Affairs. **NO STUDENT ACTIVITY WILL BE APPROVED WITHOUT ALL APPROPRIATE SIGNATURES.**

Organization Advisors are required to attend all activities of their groups. This includes meetings, parties, dances, and other social activities. In this way, the student organization is protected should any mishap occur. If the Organization Advisor cannot be in attendance, except in the case of NPHC organizations, approval must be obtained from the Office of Student Affairs and for either a faculty or staff member to serve as chaperone to the event. NPHC organizations must have approval from the Greek Life Advisor and Off-Campus advisor. Campus Safety will not open a building or a room for a club activity unless the Advisor or his/her representative is present. **THE ACTIVITY WILL NOT START OR CONTINUE WITHOUT THE ADVISOR OR CHAPERONE.**

A police officer must be present for any activity open to the general public. The organization is responsible for paying the police officer(s) and fire marshal on duty at these events.

All College organizations and/or students representing the College and desiring to hold any activity off-campus must secure approval from the Advisor, the Vice President and Dean of Student Affairs. Utilizing any designation related to Paine College for an off-campus event which is not authorized may result in the immediate suspension of the organization for the remainder of the academic semester.

All social functions on-campus shall adjourn no later than 1:00 a.m. on weekends, and 12:00 p.m. on weekdays.

Students or organizations reserving space in the Campus Center, Gymnasium, Chapel, or other facilities are held responsible for cleaning the facility after use. A charge for cleaning will be levied against the person or organization leaving the facility disorderly. Failure to pay will result in forfeiture of the right to use campus facilities.

The College reserves the right to regulate and schedule all student functions so as to promote the best interest of all persons or groups concerned and of the College.

Each student organization must apply for an on-campus bank account through the Business Office if it desires to use the College name in its title.

Step Practices are not allowed in Haygood-Holsey Hall or the Residence Halls. In situations where the Residence Halls are participating in the Step Show, special approval may be given by the Director of Residence Life. In these cases, an official requisition form must be completed.

However, Paine College will disclose information to parents, without written consent from the students, when notification is determined to be necessary to protect the health or safety of the student or others. This notification may occur due to a medical emergency, an incident of

imminent danger, or another situation in which Paine College deems such action necessary.

Additionally, Paine College has the discretion to disclose, to any parent or legal guardian of a minor student, information about a violation of any federal, state or local law, or any rule or policy of the institution governing the use or possession of alcohol or a controlled substance, if the institution has determined that the student has committed a disciplinary violation with respect to such use or possession.

7.3.2 *Visiting and Closing Hours*

All residence halls shall close at 11:00 midnight, Sunday through Thursday and 12:00 a.m., on Friday and Saturday. Resident students are admitted to the Residence Halls after closing by the on- duty Campus Police Officer upon presentation of their ID cards and room keys. For safety purposes, students are discouraged from opening doors to admit other students after regular closing hours. The Residence Hall staff on duty or Campus Police Officer may open the doors of the residence hall after they are closed. Students who violate this regulation will be subject to disciplinary action and/or fine.

Visiting in residence halls by members of the opposite sex is restricted outside of visitation hours to lobbies with the exception of Open House Programs. The wearing of suitable attire in public areas is required of both sexes at all times. Visitation policy is subject to change at the discretion of and written approval from the Office of Student Affairs

7.3.3 Student Health Policies

7.3.3.1 *Policies and Procedures for Medical Care*

1. Paine College Health Services requires all students and transfer students enrolled for eight semester hours or more have a completed physical exam prior to registration.
2. Paine College requires all students enrolled students to complete the Institutional Medical Form and Immunization Form and send them directly to the Office of Student

Affairs.

3. The Vice President of Student Affairs may require a student to leave the residence hall at the recommendation of a licensed physician.
4. The Counseling & Wellness Center will not assist with student absences related to illnesses, when the student chooses to go home for reasons contrary to the recommendation of a licensed physician.
5. Medical records are confidential and become property of The Office of Student Affairs. These records will not be duplicated or transferred without a written release signed by the student (*and parent if the student is a minor*) or via court order.
6. If a student chooses to see a licensed physician and/or his/her associates, the student is responsible for ALL associated costs/expenses.

****Please note: Students are required to have primary medical insurance.**

7.3.3.2 Medical Procedures

1. Paine College Health Services requires all students and transfer students enrolled for eight semester hours or more have a completed physical exam prior to registration.
2. Paine College requires all students enrolled students to complete the Institutional Medical Form and Immunization Form and send them directly to the Office of Student Affairs.
3. The Vice President of Student Affairs may require a student to leave the Residence Hall at the recommendation of a licensed physician.
4. The Counseling & Wellness Center will not assist with student absences related to illnesses, when the student chooses to go home for reasons contrary to the recommendation of a licensed physician.
5. Medical records are confidential and become property of The Office of Student Affairs. These records will not be duplicated or transferred without a written release signed by the student (*and parent if the student is a minor*) or via court order.
6. If a student chooses to see a licensed physician and/or his/her associates, the student is responsible for ALL associated costs/expenses.

****Please note: Students are required to have primary medical insurance**

7.3.3.3 Medical Referrals

1. The Counseling & Wellness Center will complete all necessary forms and provide the student with a list of local resources that offer services.
2. **All illnesses or accidents should be reported to the Counseling & Wellness Center. If**

an illness or accident occurs after business hours, the student should report to the appropriate Residence Hall Director or Campus Police.

3. If emergency care is needed, Residence Life staff will assist in making necessary arrangements for the student to be transported by the Campus Police. The illness or accident must be reported to the Counseling & Wellness Center the next day.

IMPORTANT: Campus Police will only transport students to the local hospital emergency room.

4. Students should present insurance and/or any other health benefit cards when referred to one of the College's community partners, or to the emergency rooms. A list of all prescription medications must be on file in the Office of Student Affairs.

5. Students should provide their own supply of over-the-counter medication. Students may keep their prescribed medication in their room.

6. Students requiring bed rest as ordered by a physician will be given a "**SICK TRAY**" slip for meals. These slips are issued by the Counseling & Wellness Center and delivered to the dining room office. The Resident Hall Director will issue the slips on weekends.

7. In the event of certain medical emergencies, it may be necessary for a student to be transported to the nearest hospital/emergency room in college owned vehicles. **IF THIS SERVICE IS REFUSED BY THE STUDENT, THE COLLEGE WILL ASSUME NO FURTHER RESPONSIBILITY.** However, parents/guardian will be notified of student's refusal of care.

The student will be required to sign a refusal for care form.

7.3.3.4 Medical Excuse for Class

The Counseling & Wellness Center will notify professors of absences from class due to short-term illness and injury when supporting documentation is presented. Confidentiality will be maintained and a reason for absence will not be disclosed.

Note: When the Counseling & Wellness Center agrees to issue medical excuses to students, these notes will not excuse the absence, nor will they guarantee the student will be permitted to make up tests or other missed assignments. ***However, faculty members will determine when an absence is considered "excused" and if the student will be allowed to make up missed assignments.*** The medical excuse simply documents that the student's illness makes them unable to participate in class for the time period designated and notifies the professor that the appropriate documentation is on file in Counseling & Wellness Center.

7.3.3.5 Medical Emergency Transportation of Students

In the event of a medical emergency beyond the scope of treatment of existing College personnel, Paine College will call for Emergency Medical Services. If transportation to the nearest hospital is refused, the College will assume no further responsibility.

7.3.4 Mental Health Evaluations

The Vice President and Dean of Student Affairs and/or Director of Counseling & Wellness Services reserve the right to mandate proof of evaluation, examination, and/or assessment for any student who displays an unhealthy mental state. Such proof must come from a doctor who specializes in mental health. Before the student is allowed to return to the College campus, the student **must** present proof to the offices of the above and await written notification of reinstatement approval.

Also, in the event of suicide attempts, the student is required to complete a “No Harm Contract” with the Counseling & Wellness Center. Any student who attempts suicide may be required to medically withdraw from the College for the purposes of medical care and will be required to submit documentation from a doctor prior to reinstatement.

7.3.5 Referrals

Sometimes students presenting with more complex issues require long-term therapy. Referrals are made on a case-by-case basis and take into account such variables as the nature of the specific issues, student's desire for change, available resources at the Counseling & Wellness Center, and the student's willingness for private referral.

Note: Individuals who are hostile, suicidal, and/or addicted to drugs and alcohol are immediately referred outside the Center. If you are referred, you must submit an official letter from the agency to the Office of Student Affairs for clearance to return to the College (to include classes, residence halls, etc.).

Information on this insurance is available at check-in or in the Office of Residence Life.

7.4.1 Application for Housing

All students who desire campus housing must complete an application on the Paine College website. The application can be found under the Campus Life tab, followed by Residence Life. The application link is located at the bottom of the webpage. All students are required to pay a \$250 one-time housing deposit. The housing deposit is only refundable if the new student requests a refund of their housing deposit by July 15th if paid to attend in the Fall and December 15th if paid to attend in the Spring. A \$25.00 application fee is required annually. Returning students should pay all fees on or before March 31st for Fall enrollment, November 15th for Spring enrollment, and May 1st for Summer enrollment.

7.4.2 Contractual Agreement

Occupancy of a room in a residence hall represents a contractual agreement between the student and Paine College; therefore, the student is responsible for the property and care of the room, their visitors and residence hall facilities. Students cannot be released from the financial responsibilities of their residence hall contract during the year, unless they have been suspended or dismissed from the College, been diagnosed with an illness that cannot be accommodated by the Residence Life Staff, withdrawn from school, become pregnant, become active military, or had a change in their marital status. All students residing in the residence halls must be registered for classes at Paine College, unless special permission is granted by the Vice President and Dean of Student Affairs or the Vice-President of Administrative and Fiscal Affairs/CFO. In these special cases, the student will be expected to pay fees as determined appropriate. Any student who withdraws from all classes before the end of the semester will be required to move out of the residence hall immediately.

7.4.3 Residence Hall Staff

The Residence Hall Staff consists of a Residence Hall Director and students who serve as Residence Assistants. The primary objective of the staff is to create a positive living atmosphere conducive to maximizing human potentiality, growth, and development.

7.4.4 *Residence Life Policies*

In addition to being responsible for complying with all Paine College rules, regulations, and standards, all students are expected to follow the laws of the City of Augusta, Richmond County, the State of Georgia, and the Federal Government. Residential students agree to abide by the residential life policies. Alleged violations of residential life rules and regulations will be adjudicated in accordance with the College's Disciplinary policies as outlined in Section 7.5.

7.4.4.1 *Abandoned Property*

Any personal items left abandoned after a student checks out of the residence halls will be disposed of after five (5) business days, or at the close of each semester, whichever comes first.

7.4.4.2 *Alcohol and Drugs*

As outlined in the College's Alcohol and Drug, the use of alcohol and illegal drugs on Paine College's campus, including the residence halls, is prohibited.

7.4.4.3 *Babysitting*

Students are not allowed to perform babysitting responsibilities in the residence halls or other buildings on campus. Children cannot be admitted to the residence halls as "overnight guests." Any student who babysits in the residence halls will be subject to disciplinary action (which may include removal from the residence hall for repeated offenses). A student who decides to bring a child in the residence hall as a visitor must notify the Residence Hall Director or a Residence Assistant. Children under the age of thirteen (13) will not be permitted beyond the lobby areas unless accompanied by a parent/adult.

7.4.4.4 *Balconies and Windows*

Students who eject any object from a window, balcony, etc. are displaying inappropriate behavior. This kind of behavior can be extremely dangerous and is a potential hazard. Students who are found to be responsible for ejecting, launching, shooting, or throwing of any object, including but not limited to fruit, paintballs, rocks, or water balloons, will be subject to disciplinary action.

7.4.4.5 *Being Present During a Violation*

Anyone found to be present during a Residence Life or Paine College Policy violation may be charged with the violation.

7.4.4.6 *Change Policy - Room/Hall Change*

At the beginning of each semester, there is a freeze on all room changes until after ten (10) business days from the start of classes. This ten-day period allows many problems to be solved without a room change. Residents must first discuss the desire to change buildings with the Residence Life Director. The Residence Life Director may offer alternatives to the room change based on the facts presented. The staff reserves the right to require students to wait 24 hours before granting a move so that options can be considered. Requests for room changes will be accommodated as quickly as possible if space is available. Room changes can be completed by the Resident Director with the approval of the Residence Life Director. The staff will assist

by identifying available spaces. The Residence Hall Director in the hall from which the student moved is responsible for:

- a. Checking the resident out of the room and completing the Check-In/Check-Out List.
- b. Sending damage information, through the date the resident moves, to the Director of Residence Life.
- c. Completing the Residence Change Form and providing copies to the Director of Residence Life and the new Residence Hall Director within 48 hours of the move, if moving to another residence hall.

Residents who initiate room changes after they have already made one change will be assessed a \$50.00 fee by the Residence Hall Director in the hall from which the change occurs. The Residence Hall Director should submit the appropriate form necessary to bill the student for the fee, using the same procedure as billing for a damage charge. The \$50.00 fee will become part of the resident's College account in the Business Office. Moves initiated by the Residence Hall Staff will not result in the \$50.00 fee assessment.

Unauthorized room changes result in the following actions:

- a. The resident who makes an illegal room change will be required to move back to the resident's former room with all the resident's possessions within 24 hours.
- b. The appropriate disciplinary referral will be processed by the Residence Hall Director.

The Residence Hall Director will approve or disapprove the room change after the appropriate disciplinary sanctions have been made.

7.4.4.7 Closing for Holidays

All Residence Halls are closed during the Christmas holiday break and at the end of the Fall, Spring and Summer term. All students are required to vacate the buildings. At the end of the Spring semester, students are required to remove all belongings from the residence halls. Any items left in the halls during any other break are the responsibility of the student. All students desiring to remain in the residence halls during any break must receive approval by the Vice President and Dean of Student Affairs. A fee may be charged for these requests. In general, dining services are not available during breaks. No student will live on campus during the summer unless the student is enrolled in classes for the on-campus Summer term, enrolled in an on-campus program, or providing services to the college.

7.4.4.8 Computer Rooms

Each residence hall is equipped with a computer room. The computer room and the equipment in the room are for the use of the students of that residence hall. Students from other residence halls or off-campus students, friends, family members and/or visitors are prohibited. All violators should be reported to the residence hall staff.

7.4.4.9 Damage to Room

Each residence hall room is equipped with beds, desks, chests, closets, heating, and air conditioning. Students are asked to bring linen, pillows, blankets, sheets, towels, wash cloths, pillowcases, bedspreads, and other allowable furnishings. The College does not provide linens. An inventory checklist will be kept on each room. This checklist will be reviewed by the Residence Hall Director and the occupant of the room. Both parties will place their signatures on the sheet within 24 hours of occupancy. Any damages recorded, after the exceptions are noted and reported within 24 hours, will be billed to the occupants at the end of the semester. The following are prohibited in rooms or other areas of the halls:

- a. Sitting on air-conditioner
- b. Hanging clothing from the ceiling
- c. Hanging clothing or other objects from the sprinkler system
- d. Ironing on the mattress or desk
- e. Burning incense/candles
- f. Disconnecting smoke alarms
- g. Other damages, which are not listed above.

The above infractions may result in disciplinary action.

7.4.4.10 Damage Proration Policy

Whenever it is not possible to assign charges for damage and theft of College property to specific individuals, the smallest group to which the damage can be attributed will be held financially and legally responsible for damages. Such charges will be divided evenly among the members of the group. The charges/responsibilities of these areas (which include common areas, such as, lounges and their furniture, corridors, vending machines, etc.) will be determined by the Residence Hall Director. In general, areas within the specific confines of a floor will be the responsibility of the individual floor, and all other areas will be the responsibility of the hall.

Before the opening of the halls at the beginning of the academic year, the appropriate Residence Hall staff will complete a Maintenance Request Form, noting all existing damages. The form will be given to the Maintenance Department for completion of repairs. If there are damages that are not able to be repaired by start of the upcoming semester, the Resident Director will keep a record.

In the event that damages occur during the course of the semester, Residence Hall staff will make a reasonable effort to determine the specific individual(s) responsible for the damage. If such a determination is not made, the cost of the damage will be assigned to the appropriate group.

The Residence Life Director and the Physical Plant Office Manager will maintain a continuous record of all billings that have occurred. Such billings will include all costs directly related to the repair of the damage, including equipment, labor, maintenance, janitorial services, contractual services and all other appropriate costs.

As damages to be prorated occur, the Residence Life Director will be informed monthly of the cost. It is the responsibility of the Residence Life Director to keep a running total of damages for the floor and to reconcile this total with that maintained by the Physical Plant Office Manager.

Damages occurring through the first day of the last week of classes of each semester will be included in proration charges. Residents will receive a statement of residence hall charges by the fourth day of the last week of classes.

Any conflict pertaining to the amount of a prorated charge must be discussed with the Residence Hall Director. If not resolved, the resident should contact the Residence Life Director. If not resolved at that level, the resident should contact the Assistant Dean of Student Affairs. If that does not lead to a resolution, students may appeal to the Vice President of Student Affairs.

Assessed damages will be charged to the individual student account and must be paid to the Business Office on, or by the last day of classes. Failure to pay charges may result in the student's ineligibility to take final examinations or register for the next term.

Damages which occur after the date on which the semester charges were calculated will result in a supplemental billing within 30 days of the end of the semester, after a thorough inspection of the room has been completed.

7.4.4.11 Entry to Students' Rooms

The right of a student to privacy will be respected. Paine College reserves the right to enter a student's room, whether the student is absent or present, for the purpose of maintenance or repair, to correct obvious breaches of the Student Code of Conduct and Responsibility (see Section 7.5), or if there is suspicion that a breach of College regulations/policies is occurring or has occurred, and when danger to the safety of the occupants and/or College property is apparent. Students' rooms will be entered by the College staff members only after knocking and apprising the student of the purpose requiring entrance to the room, except in emergency or other situations noted above. Other entrance to a student's room, except under court authorized search warrants by local, State or Federal law enforcement officers, shall require written approval from the office of Student Affairs. This approval shall state the reason(s) for the search and the name(s) of the individual(s) designated to conduct the search.

7.4.4.11.1 Room Search

The college reserves the right to search students' rooms if illegal violations and/or activities are suspected. Students will be reminded of the policy every semester. Dates and times of the search will be unannounced.

7.4.4.12 Fire Equipment

Tampering with, removing, or destroying any fire safety or fire-fighting equipment endangers the lives of others and is a violation of Georgia law. Therefore, residents are subject to arrest for such actions. Please report all damaged and/or missing fire alarm devices and fire extinguishing equipment to the Residence Life Staff immediately. Tampering with any fire or safety equipment will result in severe disciplinary action.

7.4.4.13 *Keys/ Keycards IDs*

Keys to the rooms are issued at the time of check-in by the Residence Hall Director. **If a key is lost, a duplicate may be obtained for \$75.00. If a keycard or keycard ID is lost, a duplicate may be obtained for \$25.00.** Keys other than those issued by Paine College will damage the locks. Therefore, any student who has a duplicate key made, or lends the key for this purpose, may be subject to disciplinary action. A charge will be made for the damage to the lock and for the new key. Keys, keycards, and keycard IDs must be turned in at check-out. **There will be a \$75.00 core/technology change fee added to the student's account if any of these items are not returned at the time of departure.**

7.4.4.14 *Kitchens*

Kitchens are provided in some residence halls for the preparation of snacks. Students who use the kitchen must leave it and all appliances and utensils clean after use. Microwaves are to be cleaned after each usage. Food stored in the refrigerators must be dated and labeled. Food may be removed from the refrigerators by the Residence Hall Directors after five (5) days or when it is considered "spoiled." Failure to abide by these guidelines may result in inability to use these facilities.

7.4.4.15 *Laundry Facilities*

All residence halls are equipped with free washers and dryers. Laundry rooms are open daily during regular hall hours. These facilities are for the exclusive use of resident students only. Lost and found articles should be reported or turned in to the Resident Hall Director. Damage to machines which can be attributed to a specific resident will be charged to that student.

Violators will be disciplined and may be required to pay for repairs as the case warrants.

Cleanliness

Students are responsible for the cleanliness and neatness of their rooms. For health and safety reasons, the college reserves the right to require students to clean their assigned personal living areas once a 24-hour written warning is given by the Residence Hall Director or Resident Assistant. Failure by students to keep their rooms reasonably clean after receiving written warnings will result in a \$25.00 fine assessed by the Director of Residence Life and charged to the student's account in the Business Office. Students who fail to clean their rooms/residential facility prior to departure for the Spring or Summer break, or when moving out of the residence hall for other reasons, will be automatically assessed a \$75.00 fine and may be subject to other disciplinary measures as appropriate. At least one room inspection will be conducted each month. Residence Hall Directors have the right to search rooms more frequently as the need arises.

7.4.4.21 Pets

Pets are not allowed in the residence halls. Violators of this policy will be subject to disciplinary action.

7.4.4.22 Private Rooms

Private rooms are available on a space-available, first-come, first-served basis. The private room fee is \$1000.00/per academic year and \$500.00 for the Summer Term. The private room fee cannot be charged to the student's account for payment later. Private rooms are assigned at the beginning of the semester. Private room procedures are as follows:

7.4.4.23 *Pregnancy Statement*

The current residence hall structure does not accommodate dependent children or spouses. In the event of pregnancy, a student shall contact the Counseling & Wellness Center immediately for prenatal referral. Due to health concerns, a pregnant student must make off campus housing arrangements prior to end of the third trimester. While residing in campus housing, the expectant mother must sign a liability waiver that frees the College from all liability associated with the pregnancy.

7.4.4.24 *Proper Use of Facilities*

Students are prohibited from using Paine College facilities or resources for commercial activity such as creating products or services for sale.

During quiet hours, the residential area of campus, both inside and outside of facilities, must be observed. Voices, radios, record players, televisions, etc., should be kept at a minimum volume during this period. Those students who fail to adhere to the quiet hours mandate will be issued a written warning. After receiving two warnings in any given year, any student may lose the right to reside in the residence halls and may be subject to other disciplinary action(s). During mid-term and final examination periods, quiet hours are in effect twenty-four (24) hours. Courtesy hours are in effect at all other times.

7.4.4.27 *Residents Without Roommates*

When a resident is left without a roommate, that resident has several options. The Residence Director will coordinate the consolidation process. Options available to students include the following:

- a. The resident may decide to declare the room private at an additional charge (See Private Rooms Section).
- b. The resident may notify the Residence Director of another student, with whom he or she

would like to combine.

The Residence Director will coordinate all remaining consolidations.

****Please note: A student must always be checked out of the old room by the Residence Hall Staff before being assigned to a new one.****

The above options exist for a student for five (5) school days. After such time, the student with the earliest date of application will be assigned with another student within that hall by the Residence Director. If the student refuses to follow either of the above options, the student will be charged for a private room. Paine College is concerned about the safety of its students. In this regard, all new freshmen are encouraged to sign-out when they leave campus and plan to return after 10:00 p.m. They should sign-out for all overnight visits.

Upper class students are encouraged to sign-out or provide the Residence Hall Director or Residence Assistant with a number or address at which they can be reached in cases of emergency if overnight stays are involved.

7.4.4.30 *Smoking*

Soliciting in residence halls is not permitted under any circumstances.

7.4.4.32 *Tattooing, Body Piercing, and Hair Cutting*

Anyone caught performing these services will immediately be subjected to disciplinary action.

7.4.4.33 *Visitation*

Residence Directors are responsible for the supervision of visitation hours.

Only guests of hall residents are permitted to enter restricted areas of the hall during designated hours.

Paine College understands it is important to give, not just our intercollegiate student-athletes but everyone, the opportunity to participate in competitive extracurricular activity. Participation in intramural sports has the potential to positively affect a person physically, socially, and mentally. All students are encouraged to participate in some phase of the program.

Through participation in Intramural Sports, individuals gain the opportunity to develop sportsmanship, reduce stress, keep physically fit, develop leadership and interpersonal skills, and have fun. The program allows students to display the school's pride with zest and emphasizes an acknowledgement of values, such as, sportsmanship, leadership, and teamwork. The goal is to provide programs that spark the interest and talents of all students, regardless of their gender or athletic ability.

Participants are expected to become familiar with and abide by the guidelines in the program. All participants will fall under these guidelines and must take responsibility for understanding them. The office of Student Engagement and the Athletics Department reserve the right to put into immediate effect any rule changes or modifications regarding policies and procedures.

7.6.1 Intramural Code of Conduct

The Intramural Program is meant to provide a fun, positive atmosphere for the Paine College community to compete in organized sports. While it is okay to make winning a goal, participants cannot lose sight of the greater mission of fostering camaraderie and interacting with peers. At all times, participants in the Paine College Intramural Program should act in a manner appropriate for intramural competition. If at any time a participant, coach or fan, in the judgment of an Intramural staff member, goes beyond what is appropriate, the individual will be disqualified from the game in progress and shall be required to meet with the Assistant Dean of Student Affairs and/Vice President and Dean of Student Affairs before being allowed to play in another intramural contest.

7.6.2 Eligibility

All students are eligible to play intramurals with the exception of leagues/ tournament play (see rules and eligibility for leagues/ tournament play). The other exceptions to eligibility are for students who have played professionally in that sport or its equivalent sport, for students who have been on a varsity roster in that sport during the current school year, or if that student is a member of a club team in that sport or its equivalent sport and the team is already at the club limit for the team roster in that league. Current students who are signed to Intercollegiate Athletic contracts at Paine College are also ineligible.

*Equivalent sport refers to any sport that is so close to the intramural sport that the Intramural Office deems the skills for one would necessarily translate to an unfair advantage in intramural play. All intramural participants and spectators are expected to conduct themselves in a civil and sporting manner at all times - before, during, and after contests. Behavior that promotes intolerance or prejudice, degrades any racial, ethnic, gender or religious group, infers an explicit sexual reference, demeans on the basis of skill or intellect or promotes destructive behavior is considered disrespectful to the College and its members, and will be addressed accordingly. This includes Intramural team names and information posted on the Paine College website or any other form of social media.

AUTOMATIC EXPULSION

The Assistant Dean Student Affairs and/or the Director of Student Engagement has the right to suspend individuals or teams from further participation in the intramural program for violations of conduct unbefitting an intramural participant or team. Actions which interfere with others' enjoyment of the league is a specific departmental point of emphasis. Any actions which are not just inappropriate for intramural participants, but of Paine College students in general, will also be directed to the Office of the Vice President and Dean of Student Affairs.

INDIVIDUAL PENALTIES

Any individual ejected from a contest may be suspended from future contests. That individual must meet with the Assistant Dean of Student affairs to determine the severity of disciplinary action before being allowed to resume play. Any disciplinary action is at the discretion of the Assistant Dean of Student Affairs.

TEAM PENALTIES

Any team receiving a sportsmanship rating of 1 will be required to have its team manager and possibly specific offending team members meet with the Assistant Dean of Student Affairs before the team can be reinstated. The individual participants will also be subject to the penalties outlined above. A sportsmanship rating will be determined by the intramural staff working the event after each game for both participating teams.

Any team that has two (2) participants ejected from a single contest will forfeit that contest (regardless of score) and may be suspended from future contests.

7.6.2.3 Sportsmanship Rating System

Regular Season Games

After each game, teams will be given a sportsmanship rating by the Intramural Officials according to the sportsmanship displayed. Teams must have a minimum average sportsmanship rating of "3.0" to be eligible to participate in the playoffs. If a game is not completed due to any circumstances, the sportsmanship rating earned will stand regardless if the game is official or not.

Playoff Games

Teams must have a sportsmanship rating of "3.0" or better in each game to advance. If a team receives below a "3.0" sportsmanship rating in any playoff game, they will be removed, and their opponent will advance given their sportsmanship rating was above a "3.0". If neither team receives a "3.0" rating, both teams will be removed, and the next round will be a bye. Sportsmanship rating is also one method used to break ties after the regular season.

Ratings

"5" Excellent Conduct and Sportsmanship - Captain, players, and fans all display an excellent attitude. Conduct is positive at all times, even if the opponent does not display a high level of sportsmanship. If necessary, the captain calmly converses with the intramural officials regarding rule interpretations and calls. The team has winning and losing in perspective such that their conduct in all ways provides an example for the league and the program.

"4" Good Conduct and Sportsmanship - The team shows good sportsmanship and cooperates with the opposing team, Officials, and Intramural Supervisor. Opponents are treated with respect and there are no warnings, yellow cards, or unsporting technical fouls.

"3" Average Conduct and Sportsmanship - The team still shows cooperation with officials and opponents but may have some complaints and grumbling. Good attitude is missing on occasion but there are no blatant displays of bad attitude. The captain is in control of the team.

"2" Below Average Conduct and Sportsmanship - Teams constantly comment to the Officials, Intramural Supervisor, and/or opposing team from the field and/or sidelines. The team captain exhibits little or no control over teammates or himself/herself.

"1" Poor Conduct and Sportsmanship - Captain has no control over teammates and/or himself/herself. Team is completely uncooperative and poorly represents themselves and the Paine College Intramural.

The primary objectives of this Student Grievance Policy are to ensure that students have the opportunity to present non-academic grievances to the College regarding a certain action or inaction by a member of the Paine community and that the College has a consistent way of resolving those grievances in a fair and just manner.

An action or decision is grievable only if it involves a misapplication or misinterpretation of Paine College policy, regulation, or rule, or a violation of state or federal law. Grievances may not be used to challenge policies or procedures of general applicability.

In addition, this procedure may not be used to grieve:

1. Claims based on purchases or contracts;
2. Claims against a Paine College employee on matters that are unrelated to the employee's job or role at the College;
3. Student disciplinary decisions, since there is a separate procedure for them (see Section 7.5; or
4. Formal complaints of harassment or discrimination, since there is a separate procedure for them (see Volume II, Subsection 2.1.5); or
5. Where another Paine College policy and procedure could have been used for the matter being grieved (e.g. academic grievances and FERPA grievances).
6. Upon request from any student, the Vice President and Dean of Student Affairs Office will provide guidance about the appropriate system for redress of a particular complaint.

The procedures set forth below may be used by grievants who are enrolled as Paine College students, or who are participating in a College-sponsored event, at the time of the incident being grieved. The person filing the grievance must be the alleged victim of unfair treatment; a grievance cannot be filed on behalf of another person. The existence of this procedure does not bar grievants from also filing claims in other forums to the extent permitted by state or federal law.

The formal resolution process described below must be initiated within 60 business days of the decision, action, or events giving rise to the grievance. The Vice President and Dean of Student Affairs may extend this time limit if the grievant makes the request for extension within the 60-day period, for good cause shown (e.g., an active effort at informal resolution at the departmental level).

7.9 Instructions on Filing A Complaint with Transnational Association of Christian Colleges and Schools (TRACS) and any Relevant Government Agencies

“An individual may make an inquiry to TRACS regarding complaint procedures or about issues and concerns that could be considered complaints at which time TRACS will direct the individual to the TRACS website at www.tracs.com with instructions on downloading the packet containing the Policies and Procedures for Complaints Against Member Institutions, the TRACS Complaint Information Sheet, and the TRACS Complaint Processing Form. However, TRACS response and its obligations to meet the specific timetables outlined in these procedures will begin only after the complainant submits all documents required in the TRACS Complaint Information Sheet.”

VETERANS

The following guidelines and requirements are set for students who receive Department of Veterans Affairs (VA) Benefits under Provisions of Chapters 30, 31, 32, 33, 35 and 38, or Chapter 1606, Title 10, U.S. Code. Failure to comply with these guidelines may result in the termination of benefits. Eligible students must have completed all college admissions requirements and must be fully admitted into a degree program before Enrollment Certification (VA form 22-1999) can be submitted to the Veterans Administration. To enable veterans to apply for formal educational programs leading to the award of a degree, Paine College is able to grant academic credit according to the recommendations listed in **A Guide to the Evaluation of Educational Experiences in the Armed Services**, which is published by the American Council on Education.

Any student expecting to receive VA Educational Benefits is required to notify the VA Certifying Official in the Registrar's Office prior to the close of registration for a given semester. VA

benefits are provided for courses of study, which have been noted on VA form 22-1990 or 22-5490. Students will not be certified to receive VA Benefits for courses of study not identified on this form.

A veteran (or his/her dependent) desiring to change their major must, for VA purposes, complete VA Form 22-1995 or 22-5490 (which may be obtained from the VA Certifying Official in the Registrar's Office or accessed via www.gibill.va.gov and submitted to the Veterans Administration. A copy of the form must also be filed with the VA Certifying Official on campus. The form should be submitted online using the secure internet access of PaineNet. If the student has received pay for the number of required elective courses, he/she will not be eligible to receive VA funds for his/her enrollment in additional elective courses except by written consent of the Department of Veterans Affairs. It is the responsibility of the students to notify the VA Certifying Official of any changes in their enrollment (e.g., degree program, credit hours, withdrawing from class or school).

Eligible veterans may receive equivalent credit for physical education activity courses upon presentation of a copy of his/her separation papers (DD214) to the VA Certifying Official in the Registrar's Office. A veteran has the option to enroll in these activity courses without receiving equivalent credit, if desired. Once credit is awarded for these courses based on military service, the physical education activity courses may not be taken as electives.

INTERNATIONAL STUDENTS

Students from countries other than the United States are important to the College community and are encouraged to apply. A student is considered an international student if he or she is not a citizen of the United States. The College has been authorized under federal law to enroll non-immigrant alien students and to issue I-20 forms.

International students applying for admission to Paine College, in addition to meeting the admissions criteria and following the application procedures, must submit the following:

1. A Paine College application
2. Application fee of \$40 in the form of an international money order in U.S. dollars; or a check from a bank in the United States
3. A recommendation form from an individual who can verify the applicant's academic ability
4. A brief autobiographical essay
5. General Certificate of Education (GCE) scores and course work indicating at least 5 passes at the "Ordinary" level; one of those passes must be in English; students from non-English speaking countries must provide a certified translation of their high school certificate and transcript; the cost of translation is the applicant's responsibility

A statement of financial responsibility identifying the person(s) financially responsible for the applicant's needs during his or her stay in the United States; this statement will include verification of salary from the employer or a funds availability statement from the appropriate

financial institution.

The full range of financial aid is not available for international students, so they should be prepared to finance their education at Paine College.

POLICIES ON AWARDING TRANSFER CREDIT AND EVALUATING ACADEMIC RECORDS

Courses with grades of “C” and above will be accepted for transfer only from institutions that are accredited by an accrediting agency recognized by the U.S. Department of Education and the Council for Higher Education Accreditation (CHEA) and that offer at least an associate degree. Courses with the grade of “C-” or lower are not transferable; remedial or sub-collegiate courses and/or units are not transferable.

An official evaluation (Evaluation of Transfer Credit or Academic Assessment) will be done by the Office of the Registrar once fully accepted, **providing all supporting official documents are on file**. Official documents include but are not limited to official transcripts, test scores, and official documents required for admission. Electronic transcripts received via the National Student Clearinghouse, National Student Clearinghouse Exchange, EScrip-Safe, Joint Services Transcript (JST), and Parchment are considered official transcripts. The official evaluation will be made accessible to the Financial Aid Office to assist with the determination of classification for the purposes of awarding financial aid. The evaluation is also made accessible to Student Support Services and the Department of Student Affairs so that courses to be used to satisfy program graduation requirements can be determined and properly credited and recorded on the program sheet to be shared with the student.

To enable veterans to apply for formal educational programs leading to the award of a degree, Paine College is able to grant academic credit according to the recommendations listed in the Guide to the Armed Services, which is published by the American Council on Education. Veteran students must provide an official copy of the Joint Services Transcript (JST) for the purpose of official evaluation and academic credit.

Students may also be granted academic credit using College Level Examination Program (CLEP). Each academic department evaluates credit based on department standards.

All students may be granted Advance Placement (AP) credit. Advanced placement credit acceptability and equivalency is determined by the Office of the Registrar. Students may be given course credit for Paine College courses listed in the Academic Catalog following the receipt of official documentation that the student scored at least three (3) on the AP test.

Upon enrollment, two weeks after the add/drop period, as noted on the Academic Calendar, all transfer work accepted will be officially posted to the academic transcript. Paine College awards semester hour credit only. Therefore, transfer students from quarter hour system colleges will only receive the equivalent semester hour credit for quarter hour work accepted. Quarter hours will be converted to semester hours by multiplying each quarter hour by $\frac{2}{3}$ and rounding to the nearest whole semester hour; and posted to the academic record as follows:

INTRODUCTION

Federal regulations mandate that institutions have written policies and procedures. Beyond the federal requirement, there are many benefits to having a written document outlining financial aid office policies and procedures: 1) for distribution to appropriate others outside the Financial Aid Office for the purpose of informing and fostering an understanding of the complexity and operation of the Financial Aid Office; 2) for Financial Aid Office staff as a referral guide to assist in maintaining consistency in the problem-solving process; and 3) as an important component of a comprehensive training program.

STATEMENT OF PURPOSE

The purpose of this document is to record policies and procedures surrounding the delivery of financial aid at Paine College.

THIS MANUAL:

- Provides the financial aid staff with current policies and procedures surrounding federal, state, and institutional programs.
- Provides each staff member with the general responsibilities of the total staff and the Office's relationship to other departments/divisions of the College.
- Provides each staff member with general office procedures ensuring those similar situations would be handled consistently. Provides quick reference to various programs, problems, forms, rules, in addition, regulations.
- Provides a clear understanding of policy, authority, and responsibility in matters relating to operational practices.
- Provides orientation and training materials for new personnel.

CODE OF CONDUCT:

The Financial Aid Office at Paine College abides by The National Association of Student Financial Aid Administrator's Code of Conduct for Institutional Financial Aid Professionals which states that an institutional financial aid professional is expected to always maintain exemplary standards of professional conduct in all aspects of carrying out his or her responsibilities, specifically including all dealings with any entities involved in any manner in student financial aid, regardless of whether such entities are involved in a government sponsored, subsidized, or regulated activity. In doing so, the Financial Aid Office at Paine College is bound by the following:

- Refrain from taking any action for our personal benefit.
- Refrain from taking any action that we believe is contrary to law, regulation, or the best interests of the students and parents we serve.
- Ensure that the information we provide is accurate, unbiased, and does not reflect any preference arising from actual or potential gain.
- Remain objective in making decisions and advising the administration of Paine College regarding relationships with any entity involved in any aspect of student financial aid.
- Refrain from soliciting or accepting anything other than of nominal value from any entity involved in the making, holding, consolidating or processing of any student

loans, including anything of value (including reimbursement of expenses) for serving on an advisory board or as part of a training activity or of sponsored by any entity.

- Disclose to the administration of Paine College any involvement with or interest in any entity involved in any aspect of student financial aid.

FINANCIAL AID REFERENCE INFORMATION

There are many resource guides, which assist the Financial Aid Office staff. These citations are maintained in the Director's office in volumes and are available to staff members. The documents used to determine students' eligibility for financial aid include current regulations published in the Federal Register, Department of Education guides (such as the Federal Student Financial Aid Handbook, Verification Guide, formula books, and Audit Guide), Dear Partner Letters, financial aid legislation and other laws or regulations that affect student aid.

This Policies and Procedures Manual does not entail all details of the administration of financial aid programs and the related references should be used for in-depth clarity. ***Disclaimer:*** Every effort is made to provide accurate and current information. The College reserves the right to change without notice any statement within this manual due to federal, state, or institutional changes in policies, procedures, or regulations.

FINANCIAL AID GOAL

The primary goal of the Paine College Financial Aid Office is to provide financial assistance to students, who, without such aid, would be unable to attend the institution. This site has been prepared to provide you with information on how to apply for financial aid, the various types of financial aid available, and alternatives that are available to help you and your families meet the cost of attending Paine College.

Mission Statement

The Mission of the Financial Aid Office is to provide financial services to students and their families and to encourage each member of a diverse student body to achieve his or her educational goals. This service is a joint venture among students, their families and the Financial Aid Office.

Vision Statement

The Vision of the Financial Aid Office is to deliver effective, efficient and courteous service. In collaboration with federal and state agencies and institutional departments, the Financial Aid Office diligently tends this relationship to maintain accountability and compliance with applicable laws, regulations and policies, in order to reasonably assure the most equitable and ethical awarding of financial assistance.

PURPOSE

To provide financial means by which a student can continue his/her education. The financial aid programs at Paine College are administered according to the following

principals: The primary responsibility for financing education lies with the student and his family. When the total resources they can provide do not meet expenses, Paine College will do as much as possible to assist so that the student will not be denied an education. Interested individuals will be made aware throughout the year of financial aid opportunities. A student must submit a FAFSA application (needs analysis) each year in which he or she expects to be considered for financial aid. A confidential financial aid package will be developed and offered to the student based on individual need and circumstances, but without regard to age, sex, race, color, religion, national origin or handicap. Planning/counseling sessions are important and help students plan for the most efficient use of financial aid and the student's own resources for education. They are held on an as-needed basis with any student. The Financial Aid Office at Paine College operates within federal and state guidelines and other standards of individual programs.

POLICIES AND PRACTICES GOVERNING STUDENT FINANCIAL ASSISTANCE

By your signature on the Award Letter, you agree to comply with the following policies regarding your financial aid award at Paine College. Failure to meet the requirements may result in your having to repay funds and being denied future financial aid.

1. The Financial Aid Office reserves the right on behalf of the College to review and cancel an award at any time because of changes in financial or academic status or change of academic program. If an overpayment occurs, the student is responsible for reimbursing the College.
2. Recipients of financial assistance from the College **must** notify the Financial Aid Office of any grants, scholarships, etc., extended to them from sources outside the College, as these may reduce the financial aid award. In addition, any change in name, address or student status should be reported.

3. Most financial aid awards are based on a student's financial need. Information that is reported on the Free Application for Federal Student Aid (FAFSA) is used to calculate an Expected Family Contribution (EFC). Financial aid awards are calculated based on the following equation: Cost of Attendance – EFC = Financial Need. Costs of attendance (COA) figures include tuition and fees, room and board (meals), books and supplies, transportation, and miscellaneous or personal expenses. Other scholarships or resources are also subtracted from the COA to determine need. Federal and state programs prohibit awarding and disbursement of aid over the cost of attendance. If a student has costs exceeding the estimated amount of expenses due to extenuating circumstances, the student may submit a request for special circumstance.
4. Financial aid is awarded contingent upon enrollment in an eligible program and maintaining satisfactory academic progress (SAP). The college Catalog provides information about these policies.
5. It is the policy of the College to disburse one-half of an award (excluding FWS) each semester.
6. Financial aid recipients are expected to enroll as full-time students in an eligible program. Enrollment status is determined by the number of credit hours a student enrolls for each semester. Status is defined as full-time (12 or more hours), three-quarter time (9-11 hours), half time (6-8 hours) less than half time (1-5 hours). Adjustments are made to the financial aid award amount according to enrollment status and student eligibility each semester. Example: a student enrolled for 6 credit hours would receive $\frac{1}{2}$ of their original, full-time Pell Grant award, but the scholarship they were awarded requires full-time enrollment. Therefore, they would not be eligible for any of the scholarship. Payment of financial aid is based on the recipient's enrollment status at the time of disbursement.
7. Any commitment of Federal Funds is tentative and contingent upon subsequent Congressional appropriation and actual receipt of the funds by Paine College.
8. New applications for financial aid are required and should be submitted as soon after January 1 as possible for the following school year. Students are responsible for securing and completing the necessary applications, online.
9. Concurrent Enrollment: Students enrolled in courses at other colleges, while also enrolled at Paine, must have a completed Consortium Agreement on file at each school. Students may receive financial aid at only one school in a given term.
10. Federal Pell Grant: *Scheduled award*: The maximum amount of Federal Pell Grant funding a student can receive is calculated for an *award year*. An award year is a period from July 1 of one calendar year to June 30 of the next calendar year.

Scheduled award

- is partially determined by using the student's *Expected Family Contribution (EFC)* that is calculated from the information that the student (and family) provided when he/she filed his/her *Free Application for Federal Student Aid (FAFSA®)*;
- is the maximum amount a student would be able to receive for the award year if he/she was enrolled full-time for the full school year; and
- represents 100% of his/her Pell Grant eligibility for that award year.

11. Federal Supplemental Educational Opportunity Grant (FSEOG): FSEOG is awarded to those students who will receive the Federal Pell Grant, and has a zero EFC (Estimated Family Contribution) as indicated on the Student Aid Report (SAR) to be given top priority. Based on the amount allocated by Dept. of Education, up to \$4000 per academic year will be awarded to eligible students. The award amount will be determined by the Director of Financial Aid and distributed until the funds are exhausted.
12. Federal Work Study (FWS): If your offer of financial assistance includes employment under the Federal Work Study Program (FWSP), it must be understood that the amount shown for this category is the amount of money you may expect to earn during the academic year because of work performed. Students pay may range from minimum wage to ten dollars per hour. Paychecks are available around the 15th of the month for work performed during the prior month. Work study students are required to complete direct deposit during work study orientation in order to receive work study funds via EFT. Federal Work Study is awarded to those students with a financial need, allowing them to pay for educational expenses. It is awarded to eligible students who have completed their FAFSA's first until funds are exhausted. Award amounts are determined by the Director of Financial Aid. Students may work a maximum of 20 hours per week under the Federal Work Study Program.
13. Federal Repayment Policy: If a student receives Title IV aid (Pell Grant, SEOG, Subsidized Loan, Unsubsidized Loan, or Parent PLUS Loan) and stops attending all classes (officially or unofficially) prior to the 60% point of the term, repayment of a portion of those funds will be required.

PARTICIPATION IN FINANCIAL AID PROGRAMS

The Financial Aid Office participates in financial aid programs funded through a variety of sources. Types of assistance include scholarships, grants, loans, and work opportunities. Scholarships and grants are gift awards, which generally do not have to be repaid.

Scholarships may be merit or need based. Grants are based on financial need. Work opportunities are considered self-help awards in which performance of duties is required. Work programs provide on-campus employment with hourly pay meeting minimum wage requirements or more. The type of aid awarded depends upon the student's financial need and is generally a combination of gift and self-help assistance. As a private institution, Paine

College has been authorized by the United States Secretary of Education to participate in financial aid programs authorized by Title IV of the Higher Education Act of 1965 as amended. The programs listed below are those in which Paine College bears some responsibility in administering. Descriptions and eligibility requirements of each program are found in the federal publication for federally funded programs. The Program Participation Agreement between Paine College and the Department of Education entitles the Financial Aid Office to participate in the following federal programs:

- Federal Pell Grant Program.
- Federal Supplemental Educational Opportunity Grant Program
- Federal Work Study Program
- Federal Direct Loan Program – This program includes the Subsidized and Unsubsidized Loan. The amount of loans a student can receive is based on their grade level.

1st Year Freshman	0-27 Hours	SUB - 3,500	UNSUB - 2,000
2 nd Year Sophomore	28 - 59 Hours	SUB - 4,500	UNSUB – 2,000
3 rd Year Junior	60- 93 Hours	SUB- 5,500	UNSUB – 2,000
4 th Year Senior	94- 186 Hours	SUB- 5,500	UNSUB - 2,000

If a parent is denied a Parent Plus Loan they can receive additional Unsub money. Students must be at least half-time (6 Hrs) to receive loans

- TEACH Grant

Paine College and individual donors also provide numerous scholarships. Unique circumstances often qualify students for financial aid from a special agency or group. Awards from other sources are used in computing the total aid package for students. Information about these sources is obtained from the students, the Paine College Business Office, and other agencies. Those agencies also include but are not limited to Veterans' Administration, Vocational Rehabilitation, civic organizations and churches.

Current federal, state and institutional regulations, policies and guidelines are followed in awarding and disbursing aid from all financial aid programs in which we participate.

PROCESSING STUDENT AID REPORTS

The Financial Aid Office participates in the Electronic Data Exchange (EDE) with the Department of Education. Student information from the Free Application for Federal Student Aid (FAFSA) and the processed results, the Institutional Student Information Record (ISIR)

containing the official EFC are imported on a bi-weekly basis. Correction of a data element requested by students or required because of verification or other review, is processed at FAA Access to CPS Online for reprocessing. Within seventy-two hours, a new official EFC is delivered back to the Financial Aid Office and an award, if eligible is made.

STUDENT BUDGETS

Student Budgets are an integral component in the financial aid equation. Standard student

budgets reflecting the average student population cost of attendance at a modest, but adequate standard of living are used to award financial aid. The Director of Financial Aid collects information to prepare standard costs on an annual basis. All costs are based on limitations to the amounts and other criteria set forth in the federal regulations.

All indirect costs began with surveys to determine the average amount spent by students on various categories of expenses. In each subsequent year budget items are increased by the rate of inflation or the consumer price index. The CPI can be found on various websites, one of which is CollegeBoard.com.

DIRECT COSTS

Tuition, comprehensive fees, room and board (on-campus) costs are set by the Paine College Board of Trustees during the month of April.

INDIRECT COSTS

Indirect costs consist of the following types of expenses incurred by students: books and supplies, room and board, transportation, and miscellaneous items. Room and board expenses are divided into two categories: living with parents and living off-campus. Miscellaneous items include personal expenses for clothing, toiletries, medical/dental, recreational, and other miscellaneous expenses.

Upon request, aid officers may review, and if appropriate, adjust a student's budget. Students should submit appropriate documentation. Examples of changes to standard budgets include but are not limited to: 1. Child care - the cost of childcare for students with dependent children may be added to a standard budget. 2. Special needs - disabled students or students with special problems may be allocated funds to cover reasonable costs associated with disabilities or problems that are not already covered by other resources.

VERIFICATION

Verification is the process of confirming the accuracy of student reported data on financial aid applications. Typically, the U.S. Department of Education selection criteria translate into verifying thirty percent of the financial aid population. The school has the authority – and may be required – to verify additional students. Students may be selected for verification if there is a discrepancy or a condition, which is unusual and warrants investigation. The Application and Verification Guide published by the U.S. Department of Education each year is used as a reference for verification requirements. Paine College verifies all students in which the Department of Education selected for verification. However, students may be asked to provide additional information if further investigation is needed to resolve a discrepancy.

Upon receipt of the electronic ISIR, a Document Tracking Letter is automatically generated for any student who is selected for verification according to the federal selection criteria. This letter informs the student of additional information, which is required to complete the financial aid application (verification form, student and parent tax transcripts, etc.). If

student and/or parent use the Tax Retrieval Tool on the FAFSA and tax data is transferred onto the FAFSA no Tax Transcript is needed.

Students are notified that the majority of financial aid funds are awarded on a first-come, first-serve basis and that until the missing items are submitted to the Financial Aid Office, **additional processing of their file is not possible and no financial aid will be awarded or disbursed.** Required documentation items are identified and receipt date is maintained on PowerFAIDS, the financial aid automated tracking system. Documentation submitted to the Financial Aid Office must be legible, appropriate, and have the student's ID number for identification purposes. If the student submits a document, which is not legible, the document will be returned, and appropriate documentation will be requested. **Students who fail to submit verification documents will not be awarded Financial Aid.** Students are notified that they are selected for verification on the Student Aid Report (SAR). The financial aid document tracking letter also indicates to the Student that he/she has been selected for verification. When the corrected ISIR is received, final review of the file takes place and an award is made, if applicable. **Because the Financial Aid Office is liable for disbursements made prior to verification, it is the policy of the office not to award nor disburse funds until verification is complete.** Paine College does not allow interim disbursements. Students must complete the verification process before aid is disbursed.

Financial Aid Office policies and procedures are designed to eliminate the possibility of an overpayment from any fund. If however, an overpayment does occur, a stop order is placed on the student's records by the Financial Aid Office and notification is mailed to the student. Students are not permitted to register for subsequent terms and academic transcripts are withheld until the overpayment is satisfied.

EXCLUSIONS

Listed below are certain circumstances where students do not have to complete verification. Counselors must identify and document in the aid folder why the student is not required to complete verification:

1. Incarceration.
2. Recent immigrant.
3. Spouse unavailable.
4. Parents unavailable.
5. Death of the student.
6. Not an aid recipient.

AWARDING TITLE IV, HEA PROGRAM AID

The Financial Aid Office has developed an institutional packaging philosophy to ensure consistent, equitable, and fair distribution of financial aid funds. Paine College's policy is to provide the financial aid needed to each applicant to ensure that a degree or program will be completed; to minimize the adverse effects of financial concerns on academic performance; to provide the most

advantageous combination of aid funds for which the student qualifies (subject to the availability of funds); and to make maximum use of all financial aid funds available to the institution. General packaging guidelines are as follows:

- Once a student file is marked complete (ready for packaging), the Financial Aid Director and Financial Aid Counselor will award aid in PowerFAIDS, the financial aid software, a product of the CollegeBoard.
- Determine if there are any outside resources
- Determine Pell Grant eligibility
- Determine eligibility for other aid in this order: grants, scholarships, work study, loans.
- Not all funds awarded to students will be expended because students
- may not enroll, may withdraw, or may decline a portion of their award.

GEORGIA STUDENT FINANCE COMMISSION FUNDED PROGRAMS

1. RESIDENCY REQUIREMENT APPLIES TO ALL PROGRAMS FUNDED BY GEORGIA STUDENT FINANCE COMMISSION:

- A. If the student graduated from a Georgia High School the parent of a dependent student (determination based FAFSA) must prove that they were legal residents of Georgia at least one year prior to starting college
- B. If the student is an independent student (determination based on FAFSA) he/she must prove that they were legal residents for one year prior to starting college
- C. If the student did not graduate from a Georgia High School the proof of residency requirement is **two years** prior to starting college
- D. If the student is a transfer student and received state funds at a prior school that can be verified in GSFC system, proof of residence is not required

2. SATISFACTORY ACADEMIC PROGRESS: GSFC follows the same federal guidelines used to determine eligibility for Title IV Funds. **If a student is not meeting SAP according to the Financial Aid Policy of his/her institution and the student loses Title IV Funds the student also loses State Funds**

3. SELECTIVE SERVICE: Male students that are 18 years old or older must be registered with Selective Service before they can receive funds from GSFC

4. GA STATE FINANCIAL APPLICATION: If the student has a valid Individual Student Information Report (ISIR) in the GSFC system **an application is not required**

5. ELIGIBILITY LIMITS FOR HOPE & ZELL MILLER SCHOLARSHIP AND GTEG

- A. Ineligible once student reaches 127 Attempted hours: Attempted

hours is the total number of hours for all classes, **including transfer hours**, regardless of the number of time a student repeated the class, whether the student passed or failed, or withdrew. A withdrawal with an F (WF) counts as a Fail

- B. Ineligible for Hope or Zell Miller Scholarship after lost at any two checkpoints. **Checkpoints are 30, 60, 90 Attempted Hours**
- C. A student can regain a **one-time eligibility** at any checkpoint if they have a GPA of 3.0 or higher
- D. Ineligible after seven-year limit. This limit is seven years from date of high school graduation

6. **GEORGIA TUITION EQUALIZATION GRANT (GTEG)**

- A. Students must be full-time
- B. Must meet SAP requirement
- C. Students can receive GTEG until they reach 127 attempted hours or seven-year limit

7. **HOPE SCHOLARSHIP:**

- A. Hope Scholarship is divided into four Tiers

Tier 1: 0-29 Attempted Hours
Tier 2: 30-59 Attempted Hours
Tier 3: 60-89 Attempted Hours
Tier 4: 90- 127 Attempted Hours

Incoming Freshman Final GPA eligibility for the Hope Scholarship is determined by GSFC

- B. Transfer Students: If the student received the Hope Scholarship at another school he/she will receive the Hope when they start the semester unless they have reached one of the checkpoints. If the student has reach the 30, 60, or 90 when they transfer a Hope Evaluation **must be completed using the transcript from the prior school**
- C. To receive Hope a student must be at least half time

8. **HOPE SCHOLARSHIP EVALUATION:**

- A. All students that have the Hope Scholarship and attended school in the Fall and Spring Semester **will be evaluated at the end of Spring Semester**. The 30, 60, 90 checkpoint does not apply
- B. Freshman that start in the Spring will be evaluated at the end of the next school year, unless they reach the first checkpoint of 30 at the end of Fall Semester
- C. Transfer students that start in the Spring can be evaluated if they reach one of the checkpoints at the end of Fall. These students will also be evaluated at the end of Spring if they attended school all year
****NOTE: A STUDENT CAN LOSE HOPE AT END OF THE SCHOOL YEAR OR IF HE/SHE REACHES A CHECKPOINT IN THE MIDDLE OF THE SCHOOL YEAR**
- D. Students that did not qualify for Hope when they started college can receive an evaluation once they reach a checkpoint (30, 60, 90) and have

a cumulative GPA of 3.0 or higher. If a transfer student did not receive Hope at his prior school but has reached a checkpoint and has a GPA of 3.0 or higher use the transcript from prior school to complete evaluation

9. COMPLETING EVALUATION:

- A.** If the student **Cumulative GPA is below 3.0** the student has lost his/her scholarship and a evaluation is not needed
- B.** If the student Cumulative GPA is a 3.0 or higher, then you must compute the students Hope GPA. If the students **Hope GPA is below 3.0 they lose Hope**
- C.** Once the evaluation is complete, the evaluation will be placed in the student file

10. CALCULATING HOPE GPA:

Hope GPA is calculated on a traditional 4.0 scale

A = 12 quality points

B = 9 quality points C

= 6 quality points D =

3 quality point

F = 0 quality points

Quality points are the points assigned to letter grade

Quality points are multiplied by the number of credit hours for each course

The total quality points are added together and then divided by the total credit hours to get the final GPA

11. ZELL MILLER SCHOLARSHIP:

- A.** Zell Miller Scholarship is divided into Four Tiers, following the same guidelines use for Hope Scholarship
- B.** Eligibility for Zell Miller Scholarship is determined by the GSFC
- C.** Once awarded the student **must maintain a Cumulative 3.30**
- D.** All students that have the Zell Miller and attended school in the Fall and Spring Semester **will be evaluated at the end of Spring Semester**. The 30, 60, 90 checkpoint does not apply
- E.** The same guidelines use for Hope will be used to evaluate for Zell Miller students
- F.** A student can regain **a one-time eligibility** at any checkpoint if they have a GPA of 3.3 or higher

12. HOPE GED GRANT:

- A.** The Hope GED Grant is a one-time grant, that is presently \$ 500, given to students that earn their GED

- O.** SAL cannot be used for any cost above COA
- P.** The annual amount that a student can receive is lesser of \$10,000 or COA, less the student's Expected Family Contribution (EFC)

DETERMINATION OF TOTAL FUNDS TO BE AWARDED

The Director determines the total aid funds to be awarded during an award year. The Department of Education sends the Financial Aid Office information detailing annual fund allocations through the Federal Authorization Letter with the Official Notice of Funding. Institutional Scholarship balances are determined from information from the Vice President of Administrative and Fiscal Affairs. The Georgia Student Finance Commission will notify the institution of state funded programs. Determining the total funds available includes an evaluation and projection of available funds and administrative expense. Careful projections are made to enable the financial aid office staff to offer fair and equitable packages to students. A determination is made based on prior year history and the percentage, which all programs will be awarded in excess of allocation to account for attrition.

OUTSIDE RESOURCES

Students are encouraged to seek assistance from outside resources. It is required that all outside assistance be reported to the Financial Aid Office. Student aid including outside resources, may not exceed the student's cost of attendance. Therefore, if a student has been awarded funds by the aid office and receives an outside award, an adjustment to the original award letter may be necessary. If an adjustment is necessary, the outside aid will replace self-help aid if possible.

AWARD LETTER AND ACCEPTANCE OF AWARDS

Students receive notice of financial aid via an award letter. Students are required to accept or decline each loan award. Students may also accept or decline their awards through Net Partner, the 24-hour online financial aid system.

SUMMER AID

There are only a few financial aid programs for which students may apply during the summer. Funds remaining from the fall and spring semesters may be available.

CONSORTIUM AGREEMENTS

A student may receive Title IV aid if he/she is taking coursework at two or more schools, if the participating institutions enter into a consortium agreement. A consortium agreement specifies that courses from the host institution will transfer to the home institution and that the home institution will process and disburse student aid. The institution that disbursed the

aid funds is responsible for record keeping and the returning Title IV funds in cases involving over awards or withdrawals.

Process: When the Agreement is approved by Paine College, the credit hours will be included as hours attempted for the term. The hours will be used, along with the hours from Paine College for that term, to determine if the student has completed at least 50% of the coursework attempted. If the transcript is received from the host school, the course will be counted as not completed. The student will be sent a letter stating that the transcript must be received or future Consortium Agreements may not be approved.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT

FSEOG will have as its first selection group students who are eligible for Pell Grant with priority extended to those with the lowest EFCs.

OVERAWARDS

If a potential or actual overaward is discovered, U.S. Department of Education guidelines regarding overawards will be followed. Other aid that may need adjusting to prevent an overaward will be adjusted in the following order, first to last: loans, work program, FSEOG, scholarships.

REVISION OF FINANCIAL AID AWARDS

Once an award letter is sent to the student, there may be instances, which warrant a change to the original notification. The Director or a Financial Aid Counselor may review a student's circumstances, adjust an award, and release a revised award letter. This revised award invalidates the original award notice. Enclosures with the award letter acknowledge the right of the Financial Aid Office to make a change to any award.

REVISION INITIATED BY THE FINANCIAL AID OFFICE

The Financial Aid Office will automatically consider a revision in a student's aid package when the following occurs:

- There is presence of conflicting information within the file.
- There is a change in availability of funds.
- There is a financial aid office error.

Students are mailed a revised award letter as soon as possible. In the case of an office error, it is customary and most often the practice to contact the student personally, or send a personalized email.

OVERAWARDS

An overaward occurs any time a student's financial aid (federal, institutional, state and outside aid) and other resources exceed the demonstrated financial need for the award period by more than an allowable tolerance.

ELIMINATING AN OVERAWARD

Before reducing a student's aid package because of an overaward, an attempt will always be made to reduce or eliminate the overaward. Two methods to reduce or eliminate an overaward are: 1. Increase cost of attendance budget using allowable expenses 2. Adjust undisbursed funds

CAUSES OF AN OVERAWARD AND/OR OVERPAYMENT

There are several causes of an overaward:

1. Student wages - the student earns more than the awarded
2. FWS funds.
3. Change in the enrollment status.
4. Additional resources - the student has resources greater than
5. those originally used to calculate the award.
6. Administrative error - the aid administrator inadvertently makes
7. an error.
8. Fraud - the student intentionally deceives or misrepresents
9. information to obtain funds.

TREATMENT OF AN OVERAWARD

If eliminating the overaward is not possible, the aid administrator must reduce the overaward using the following sequence: 1. An overaward from administrative error must first reduce or eliminate next semester's overpayment. Bill the student for any remaining amount. 2. If an overaward occurs due to fraud, follow the procedures outlined by the United States Department of Education.

PROCESS FOR AWARDING FEDERAL WORK STUDY

1. Review ISIR for completeness.
2. Award funds generally in this order: Pell, SEOG, HOPE, GTEG, HOPE Scholarship, Federal Work Study (FWS).
3. Students awarded work study complete an online job application, and then students are referred to prospective supervisors for the interview.
4. Once FWS is assigned the student is required to complete the online job application, I-9, W-4, and a Confidentiality Agreement.

PROFESSIONAL JUDGMENT POLICY

The Higher Education Act of 1992 allows financial aid administrators to make professional judgment decisions when there are special or unusual family or student circumstances that may call for adjustments in determining a student's eligibility for financial aid. Circumstances requiring professional judgment must be analyzed on a case-by-case basis. These circumstances must be documented. Professional judgment adjustments may increase or decrease a student's EFC or cost of attendance (budget). A student has the ability to submit a Budget Appeal along with supporting documentation to request a reevaluation to adjust certain components in the budget per Federal regulations (HEA Sec 479A(a)). Specified adjustments may be made to data elements, but not to the formula. Adjustments made will apply to all institutional, state and Title IV aid awarded. Circumstances, which may warrant a professional judgment decision, include, but are not limited to the following:

- A change in income of the student's family that would affect the family's ability to pay for college expenses. Examples would be loss of employment, loss of untaxed benefits, a separation or death. Acceptable documentation: letter from employer (on company letterhead) documenting separation from employment (must include last day worked); unemployment benefits determination document; last pay stub; severance pay documentation; copy of divorce decree or legal separation; copy of a death certificate; social security benefits termination notice; or termination of child support notice.
- Student requests consideration as an independent student. Acceptable documentation: Dependency Status Appeal form; notarized letters from the student, a family member, and a professional explaining the extenuating circumstances in detail that may warrant a change in dependency status.
- Excessive medical expenses. Acceptable documentation: Verification of medical expenses paid by family from doctors, hospitals, etc. or copy of tax return verifying itemized deductions, showing medical expenses.

The required documentation listed for each of these circumstances explains what information is necessary for each situation. The documentation must be complete before approval will be considered. Documentation of professional judgment decisions will be maintained in the student's folder. Professional judgment situations are unique. Circumstances other than those listed may be considered and will require documentation specific to that situation. The Director of Financial Aid has the final authority to make professional judgment decisions. All decisions are final and cannot be appealed.

REFUND/REPAYMENT POLICY REFUND POLICY

The full refund policy is found in the College Catalog. For students receiving financial aid who officially withdraw from the college and are eligible for a tuition refund, the refund must first be applied to the financial aid programs. Federal Funds (Pell, SEOG, Loans) – Repayment of a portion of the funds received will be required if a student stops attending classes before the 60% point of the term. Scholarships, State Grants, Institutional Grants – Repayment is pro-rated based on the percentage of aid earned. Work study funds are paid for work performed and no repayment is required.

If a student has an outstanding account - Students are not allowed to complete the registration process if they have an outstanding account balance. If an exception is made within the same academic year, and the student is eligible to receive assistance from any type of funds, the financial aid funds would be applied through credit to the student's account (in compliance with federal guidelines regarding this issue, if federal funds are involved). If this does not satisfy the debt, the student would be required to establish a payment plan, repay the balance immediately or further collection measures will be taken.

THE RETURN OF TITLE IV FUNDS POLICY

The federal Higher Education Act (HEA) of 1965 was amended in 1998, and new regulations were established with regard to Title IV student financial aid programs. Students earn their Title IV federal financial aid by attending class and if they are not enrolled long enough to earn some or all of their aid, the "unearned" portion must be returned to the appropriate Title IV program. Title IV financial aid programs include Federal Pell Grant, Federal Stafford Loans and Federal Work-Study (FWS). Federal Work-Study earnings are not affected by Title IV regulations concerning the return of unearned federal financial aid. Only federal grants and federal loans are affected by this policy. This is a distinctive refund policy for financial aid that differs from the College refund policy. The Return of Unearned Title IV Funds Policy applies if the student withdraws from or ceases attending all classes before the sixty percent point in the term. Completely withdrawing from or ceasing to attend may result in financial aid repayment. Withdrawing may also affect future financial aid eligibility.

Official Withdraws (Dropping all classes): Students who officially withdraw from all classes after the 100% refund period and prior to completing more than 60% of the semester have not "earned" all of their federal financial aid. A Return to Title IV Funds calculation must be performed within 30 days. If the student has received excess funds, the institution must return to the U.S. Department of Education a portion of the excess equal to the lesser of the student's institutional charges multiplied by the percentage of funds that were not earned, or the entire amount of the excess funds. If the return of funds creates a balance due on the student statement of account, the student will be liable for satisfying the outstanding balance. The institution will return any unearned funds for which it is responsible no later than 45 days from the determined date of the student's withdrawal following the order below:

1. Federal Direct Unsubsidized Stafford Loans
2. Federal Direct Subsidized Stafford Loans
3. Federal Perkins Loans
4. Federal Direct Parent PLUS Loan
5. Federal Pell Grants
6. Federal Supplemental Educational Opportunity Grants
7. Other Federal Grants

Unofficial Withdrawals (Stop attending all classes): For students who stop attending all classes prior to the end of the term without officially withdrawing, a return of federal financial aid will be calculated according to the same guidelines. Students who do not receive any "earned" grades are considered to be unofficial withdrawals. For Title IV purposes, the Return to Title IV calculation will be based upon the mid-point of the term, or the last documented date of attendance in an academically-related activity.

A student who fails all classes in a term may be subject to a Return to Title IV calculation. If a student “earned” at least one F grade (i.e. participated in class until the end of the semester and received an F for poor performance), then no calculation is required. However, if the student failed all classes because of non-attendance at some period in the semester, then a Return to Title IV calculation is required based on the last documented date of attendance. If the last date of attendance cannot be determined, then the 50% point of the term will be used as the withdrawal date, and the unearned aid will be 50%.

Return of Title IV calculations are performed at regular intervals.

Post-Withdrawal Disbursement

A post-withdrawal disbursement applies when a student completely withdraws from school and may be eligible to receive grants and or loans that have not yet disbursed. The amount of the disbursement is determined by a required Return of Title IV calculation when a student completely withdraws from school.

A student may not receive any funds as a post-withdrawal disbursement that the school is prohibited from making on or before the date the student withdrew. Examples of this include:

- If a promissory note for a Federal Direct Stafford Loan or Federal Direct Parent PLUS Loan has not been signed and submitted by the student before the institution performs the Return to Title IV calculation, the loan is automatically canceled.
- The institution may provide loan counseling information with the notice of eligibility for a post-withdrawal disbursement. However, the institution will not make the disbursement to the student until the student has completed entrance counseling.
- If the student is a first-year, first-time borrower of a Federal Direct Loan and withdraws before the 30th day of the semester, the Federal Direct Stafford Loan or Federal Direct Parent PLUS Loan is canceled.

If it is determined that a student or parent is eligible for a post-withdrawal disbursement, grant funds will be disbursed first and will be credited to the student's account for current outstanding charges of tuition and fees. For a balance due for charges other than tuition and fees, the institution will seek authorization from the student to deduct those charges from grant proceeds. If a remaining balance exists, the institution will seek the student's or parent's, if applicable, authorization to pay tuition and fees and other educationally related expenses from loan proceeds. If a credit balance exists after the payment of all charges, the institution will refund those funds to the student or parent (in the case of a Federal Direct Parent PLUS Loan). Any remaining balance due the institution is the responsibility of the student.

Grant Funds

The institution will notify the student by letter (to the last known address) if grant funds are available after the Return to Title IV calculation has been performed. Within 45 days of determination that a student withdrew, the institution will disburse the eligible grant funds for current charges and if authorized, other outstanding educationally related charges.

SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS

Federal regulations (34CFR 668, 16(e)) require schools to have a Satisfactory Academic Progress Policy to carry out the statutory requirement that a student must be making satisfactory progress to be eligible for financial aid under the Student Financial Aid Programs. The policy must be cumulative and it must include any periods of enrollment which the student did not receive aid from the Student Financial Aid Programs. Students applying for aid are subject to these regulations.

The Satisfactory Academic Progress Policy for students receiving financial aid under the Student Financial Aid Programs includes the following:

- Qualitative Measure – grade point average
- Quantitative Measure – maximum time-frame in which a student is expected to complete his or her program of study

QUALITATIVE MEASURE: A financial aid recipient is required to meet the grade point average standards as stated below:

CUMULATIVE HOURS ATTEMPTED	MINIMUM CUMULATIVE GRADE POINT AVERAGE REQUIRED
0-27	1.7
28-59	1.8
60-93	2.0
94-186	2.0

QUANTITATIVE MEASURE: The maximum time frame for a student to complete his or her four-year program of study is:

ENROLLMENT STATUS	MAXIMUM NUMBER OF ACADEMIC YEARS	MAXIMUM NUMBER OF SEMESTERS
FULL-TIME	6	12
THREE QUARTER – TIME	7	14
HALF-TIME	11	22
LESS THAN HALF-TIME	31	62

Satisfactory Academic Progress is reviewed at the end of each semester. To maintain Satisfactory Academic Progress, a student must:

- **earn 67% of the cumulative hours attempted during the academic year**

Examples: (all hours are rounded to the next whole number)

If a student attempted 12 hours in the Fall and 13 hours in the Spring, the student would be expected to successfully complete at least 17 hours to be making progress. (12 hours Fall + 13 hours Spring = 25 attempted hours, therefore 25 hours attempted x 67% = 16.75 rounded to 17 hours)

If a student attempted 12 hours in the Fall and 6 hours in the Spring, the student would be expected to successfully complete at least 13 hours to be making progress. (12 hours

Fall + 6 hours Spring = 18 attempted hours, therefore 18 hours attempted x 67% = 12.06 hours rounded to 13 hours)

- **earn the minimum cumulative grade point average required per cumulative hours attempted**

Example:

If a student attempted a total of 0-27 hours Fall and Spring, then the student would be expected to earn a minimum cumulative grade point average of 1.7 to be making progress.

- **not exceed the 150% maximum time frame extended for degree completion**

Example:

A student in the program of study which requires 124 hours of completion would be allowed to have 186 attempted hours and receive financial assistance (124 x 150% = 186).

The Satisfactory Academic Progress Policy reflects the institution's academic regulations as they relate to the following:

Course Repeats, Incompletes, Withdrawals, and Enhancement Courses will be counted as hours attempted.

Cumulative Hours Attempted is defined as all credit hours attempted at Paine College with a grade assignment of A, B, C, D, F, WF, W, WP, NC, NF, S, U, I, K, or CP. Audited courses are not counted towards hours attempted or hours completed. Course Credit by Examination will be counted towards overall hours attempted.

Cumulative Hours Earned is defined as credit hours successfully completed with grade assignments of A, B, C, or D and will be counted towards hours attempted and earned.

Transfer Hours accepted towards the degree must be reflected on the Paine College transcript and will be counted towards hours attempted and earned.

Monitoring Progress

Satisfactory Academic Progress is evaluated at the end of each semester.

Financial Aid Warning

Students are placed on Financial Aid Warning for one semester and may continue to receive financial aid, if the student is not making satisfactory academic progress at the end of each payment period (semester). Students who are placed in a warning status do not have to submit an appeal.

Financial Aid Probation

Students are placed on Financial Aid Probation for one semester if they fail to meet the qualitative and/or quantitative standard. Students are informed in writing of their probationary status by the Financial Aid Office. Students who are placed on probation may continue to receive financial aid in the probationary period, however, they must submit an appeal, which includes

documentation with information as to why he/she failed to make satisfactory academic progress. Students are also required to submit an Academic Plan from his/her Academic Advisor for the probationary period. At the conclusion of the probationary period, students must meet the qualitative and quantitative standards in order to avoid being placed on financial aid suspension.

Financial Aid Suspension

Students are placed on Financial Aid Suspension if they fail to meet the minimum SAP standards following the probationary period. Eligibility for future financial aid ceases. Students are financially responsible for all charges incurred. The Financial Aid Office notifies students in writing of their suspension status, alternative financing options and guidelines for appealing the suspension.

Appeals Process

Students placed on Financial Aid Suspension may appeal to the Committee on Financial Aid Satisfactory Academic Progress. To appeal, students must submit typed written explanations along with supporting official documentation detailing the mitigating or extenuating circumstances which resulted in the noncompliance of the SAP standards. Incomplete appeals will not be considered. Each appeal will be considered on its own merit. Students will receive written notification of the Committee's decisions. All decisions made by the Committee are final. Students approved for reinstatement of financial aid will be placed on probation for a period of one academic year. Financial aid will be awarded based on available funding at the time of reinstatement. Students not approved for reinstatement must clear all SAP deficiencies at their own expense before additional reinstatement consideration is extended.

AUDITS AND PROGRAM REVIEWS

Federal regulations require the Financial Aid Office to have its records and student files audited at least once a year. Each audit must cover the time period since the last audit. Paine College is audited annually by an external auditing firm. Auditors review a sample of student files to ensure the Financial Aid Office is in compliance with federal, state, and institutional policies. Any exceptions found during the audit will be addressed. Federal reviews are conducted by the U.S. Department of Education on a basis determined by them. Institutions are notified ahead of time when the review will take place.

Preparation for the audit is in cooperation with the auditor's requests. Typically, the auditors will randomly select a specific number of students from each of the Title IV programs. The files are retrieved and provided to the auditors. Any additional assistance requested is responded to promptly. A complete listing of financial aid audit guidelines is listed in the Audit Guide published by the U.S. Department of Education. See this reference document for additional information.

FRAUD

There are difficult situations where students and/or parents purposefully misrepresent information in hopes of obtaining aid or obtaining additional assistance. The Financial Aid Office is required to have a policy of referral when confronted with actual or suspected cases of fraud and abuse.

POLICY FOR FRAUD

Students and parents who willfully submit fraudulent information will be investigated to the furthest extent possible. All documented cases of fraud and abuse will be reported to the proper authorities.

PROCEDURES FOR FRAUD

If, in an aid administrator's judgment, there has been intentional misrepresentation, false statements, or alteration of documents, which have resulted or could result in the awarding or disbursement of funds for which the student is not eligible; the case shall be referred to the Director for possible disciplinary action. After investigating the situation, if the Director believes there is a fraudulent situation, all information must be forwarded to the Office of Inspector General of the Department of Education. The Director of Financial Aid reviews the student's aid file with the appropriate aid administrator and if the decision is made by the Director to pursue the possibility of denying or canceling financial aid, a written request to make an appointment is sent to the student. If the student does not make an appointment, the Director may:

- Not process a financial aid application until the situation is resolved
- satisfactory.
- Not award financial aid
- Cancel financial aid
- Determine that financial aid will not be processed for future years.

All processing of the application or disbursement of funds shall be suspended until the Director has made a determination as to whether the student shall be required to make an appointment.

DEFAULT MANAGEMENT

Institutions are required to follow regulatory guidance in accordance with the Department of Education. All students **MUST** complete Entrance Counseling if receiving Federal Direct Loans. Upon withdrawal or graduating, students **MUST** complete Exit Counseling. The Default Manager will access loan information in the National Student Loan Data System (NSLDS) to help prevent ineligible students from receiving loans (this task is being completed currently by all employees in the office). The Default Manager will develop a collection system to track and analyze borrowers who default on their loans. Reports such as the Borrower Demographic and Delinquent Borrowers Report will be extracted from NSLDS. The Financial Aid Office will provide Financial Literacy for borrowers, providing information on budgeting household expenses and resources. The Financial Aid Office will ensure that enrollment is being reported timely and accurate. If enrollment is not reported timely and accurate, it impacts loan defaults. A Date Entered Repayment Report (DER) will be requested bi-weekly to compare to institutional records. The Financial Aid Office will contact borrowers during grace periods to remind them of their payments, maintain updated contact information, and trace delinquency status. It is the goal of Paine College to assist with retention and promote the success of each student. In order to achieve this goal, the School has developed a success plan. As an important part of the plan, Paine College has formed a Default Prevention Task Force to:

- * Determine the source of default risk.
- * Develop a default prevention plan that will assist the student with reducing defaults under the Direct Loan program.

- * Focus on retention and student success by communicating and educating students.
- * Identify that will assist with the implementation of the default management plan.
- * Works to reduce number of dropouts.
- * Assume responsibility for monitoring, maintaining, and/or improving the college cohort default rates.

Task Force Members:

- * Financial Aid – Alanna Moss
- * Student Accounts – Jennifer Bussey
- * Admissions and Records – Symphoni Wiggins
- * Counselor – Jenease Horstead
- * Student Representative –
- * Faculty Representative –

THE PAINE COLLEGE IDEAL (Inside Back Cover)	

Welcome Paine College Student-Athletes!

As your athletic director, I am very excited to lead a great group of young men and women in their pursuit of excellence. The entire Athletics Department has been working on ways to increase your success in the classroom, on the field (court, course or track), and in the community this year and we are all looking forward to the time ahead.

Classroom

We have created an unprecedented amount of support for your academic pursuits by developing a partnership with Academic Affairs. Together we created a tutorial/study hall program that will provide all student-athletes with additional support. Specifically, our freshmen and transfer students will receive the support they need to assist in their transition to Paine College. Returning students will also have more opportunities to be successful academically.

On the Field of Play

Paine College athletics has a history of competitive success and we will look to build on those successes starting this year. To assist in your well-being, we have continued our partnership with Augusta University Sports Medicine to provide athletic training services. In addition, we have an athletic trainer on-campus daily to serve your needs. Our priority is to get you the treatment you need to get back in the game and help your team be successful.

In the Community

The Paine College Student-Athlete Advisory Committee (SAAC) is more active now than ever. The SAAC is a committee made up of student-athletes assembled to be the governing body for the student-athlete experience. With two representative members from each team, SAAC will determine how Paine College student-athletes should give back to the Augusta community, develop a program to recognize our senior students, and offer input on the rules, regulations and policies that affect the lives of student-athletes on NCAA member institution campuses.

This year promises to be an exciting one. My door will always be open to you and I look forward to getting to know and work with each of you. I want to see you become successful in whatever area you choose. Together we will strive to make Paine College the premier destination for student-athletes in the SIAC and beyond.

Go Lions!

POLICIES AND PROCEDURES

The Paine College Student-Athlete

Nothing stirs our pride and charges our spirit more than to be Paine College Lions. In the past decade, the Women's Basketball Team has won two SIAC Tournament Titles and appeared in two NCAA Post-Season Tournaments. The Baseball Team captured two SIAC Tournament Championships. Factor in numerous All-Conference Performers in all sports and anyone can see why Paine College has a proud tradition in intercollegiate athletics.

Each student-athlete has the responsibility to fulfill clear expectations. These include:

- Understanding that earning a college degree is the primary goal of the student
- Meeting all academic responsibilities, including regular class attendance and the completion of all assignments in a timely manner
- Complying with all rules and regulations of the NCAA, SIAC and the College; understanding that it is each student's responsibility to be knowledgeable of these rules
- Meeting regularly with Faculty Advisors
- Striving to be involved as a full-fledged member of the College community, making a strong effort to derive as much as possible out of the educational experience, and establishing open and mature relationships with faculty and other students
- Understanding the support resources that are available in the academic advising program of the College; assuming the responsibility to seek help when it is needed
- Understanding that the assumption of personal responsibility is at the heart of the educational experience. All student-athletes should constantly be aware that they represent the College, the Department of Athletics and their team. Upperclass student-athletes should consciously strive to serve as exemplary role-models for new student-athletes
- Making a complete commitment to academic integrity – it is absolutely essential that every student be thoroughly familiar with the honor system and that all aspects of college life be conducted in accordance with the honor system

Code of Ethics

The purpose of intercollegiate athletics is to provide an opportunity for student-athletes to develop their potential as skilled athletes in an educational setting.

Student-athletes will be looked upon as role-models, particularly by young children, and it is important that personal conduct be above reproach at all times.

Public exposure in the competitive arena and the media makes student-athletes one of the most visible groups in the community. Student-athletes are often highlighted, placing them in a public position that requires exemplary behavior.

Paine College student-athletes are totally responsible for their own behavior. They are expected to obey the laws, rules and regulations of local law enforcement.

Behavior has a definite impact on the reputation of the Athletics Department and on the attitude that the community may take toward the Athletics Program.

Conduct will be closely scrutinized in the classroom, in competition, and while traveling.

Student-Athlete's Responsibility

As a Paine College student-athlete, you are visible in the Paine College community. Your behavior, attitude and statements are a direct reflection on the College and the Department of Athletics. You are expected to carry yourself in a manner that would reflect a positive image of the Department of Athletics and the College as a whole. Please follow these guidelines:

- Abide by all Paine College Department of Athletics rules and regulations
- Be accountable for NCAA rules
- Obey all team rules, regulations and policies
- Show good sponsorship
- Protect your health

Student-athlete integrity shall be held in the highest regard at all times. Your behavior should reflect high standards that characterize participation in competitive sports in a collegiate setting.

Conduct

The Paine College Department of Athletics will not tolerate any action by a student-athlete that deliberately injures an opponent or teammate during a game or practice. Examples of poor sportsmanship behavior include, but are not limited to:

- Physical abuse of an official, coach, athlete, or spectator
- Use of obscene or inappropriate language or gestures to officials, the media, fans, opponents, team members or spectators

Student-athletes are subject to NCAA, SIAC, Paine College and team policies during their tenure at Paine College. Student-athletes are responsible for familiarizing themselves with the rules and regulations of each unit, and when concerns or questions arise, taking the initiative to get answers.

Paine College and the Department of Athletics will have orientation sessions to acquaint student-athletes with major policies and procedures during the Fall Semester of each academic year.

Team Rules

1. Class attendance is required. Class absences should be limited to days that are missed due to athletic travel.
2. Alcohol consumption is prohibited. At no time should an athlete consume alcohol when representing the College on a team trip.
3. The use of tobacco products is prohibited per NCAA rules and regulations pertaining to practice and competition.
4. Drug activity (buying, selling, using) of any nature is strictly prohibited. Any violation will result in the implementation of the Department of Athletics Alcohol/Drug Policy.

6. Acts of misconduct can lead to immediate suspension from the Athletics Program. Student-athletes are expected to obey the laws, rules, and regulations of Paine College, the SIAC, NCAA and local law enforcement.
7. Profanity is strongly discouraged.

Student-athletes have a responsibility to adhere to team rules as provided by the Athletics Department and Head Coach. Violation of rules and regulations can result in dismissal from the team.

Dress Code

The Dress Code Policy is designed to assist students in making important and appropriate decisions regarding attire for various aspects of daily living to include classroom, business, special events, job search, etc. With an understanding that an individual's choice of dress often directly reflects current trends, individuality and personality, this policy is not intended to unfairly restrict or eliminate individuality or creativity in dress. Contrarily, the policy allows a wide range of fashion expression that positively reflects the individual, the College and the Paine Personality. Although the College respects students' rights to individual expression, its mission is to prepare young men and women for the professional workplace and to promote those standards, which reflect good taste. Additionally, Paine College students are expected to practice good hygiene, which includes wearing clean and appropriate clothing at all times.

The following guidelines should be observed at all times:

1. For the classroom, library and offices, the following code will be in effect:
 - a. Females should be dressed in dresses, pantsuits, skirts, blouses, slacks/jeans, shorts, sweat suits, and shoes or sandals.
 - b. Dresses, skirts and shorts should be no more than 6 inches above the knee.

- c. Males should be dressed in slacks/jeans, shorts, shirts, sweaters, sports coats, sweat suits and shoes or sandals. (No A-shirts, aka tank tops)
 - d. Sweat suits are acceptable, with the exception of see-thru type sweat suits.
2. The following articles have been deemed inappropriate attire in the dining hall, classroom, chapel and any other College-sponsored activities:
- a. Hair rollers
 - b. Pajamas or robes
 - c. See-thru shirts, blouses, dresses or muscle-type shirts
 - d. Sheer tops (without coordinating tank top)
 - e. Clothing that reveals flesh between the shoulder and upper thigh – no "belly shirts" or halter tops.
 - f. Hats and caps (it is requested that males remove these items upon entering all indoor facilities) – no "durags", wave caps, etc.
 - g. Pants worn below the waistline
 - h. See-thru garments worn with only lingerie
 - i. Undershirts worn as outer garments
 - j. House slippers
 - k. Outer garments that reveal excessive cleavage, buttocks, waist or back
 - l. Bathing suit tops
 - m. Tube tops
3. General weekly assemblies and special programs, such as, Opening Convocation, Thanksgiving Assembly, Christmas Assembly, Founders Day Convocation, Religious Emphasis Week Assembly, Honors Day Assembly, Lyceum Programs, Pageants and Coronation require business and/or business casual dress.

5. The enforcement of the Paine College Dress Code is incumbent upon administration, faculty, students, and staff at all times to preserve the integrity and religious heritage of the College.

Students who refuse to adhere to the College Dress Code Policy may be denied entrance into or asked to leave an event. Because of our concern for the student body, while embracing and encouraging the "Paine Personality," faculty and/or staff of the College may exercise the practice of addressing students who violate College policies and may refer the student to the Vice-President of Student Affairs. The College reserves the right to modify or make necessary changes (in whole or part) to all rules and regulations. Students are expected to be familiar with any modifications made through any administrative department of the College and published as supplements to the Paine College Policy Manual, the Paine College Catalog, etc.

Piercings/Jewelry

Student-athletes are prohibited from wearing any type of jewelry that could cause injury to themselves or others. Watches, earrings, and other piercings are prohibited from being worn

during team workouts and competitions.

Travel

Student-athletes representing the College, either as individuals or as a team, must dress appropriately while traveling. The exact dress code for travel will be set by the coaching staff for each team and must be followed at all times while on the trip.

PUBLIC MEDIA AND SOCIAL NETWORK POLICY

Public Media: Public Media refers to technologies used to communicate messages and whose mission is to serve or engage the public. Public media domains include print outlets, traditional broadcasts and digital formats. When utilizing any public outlets, student-athletes are expected to conduct themselves responsibly as members of their respective team, the Department of Athletics, the College and the community. Student-athletes should not interact with the media without the consent of the Department of Athletics. If contacted by the media, students should refer them to the Sports Information Director.

Social Network: Social network sites such as Facebook, MySpace, Friendstar, YouTube, Four Square, Twitter and other new digital platforms and distribution mechanisms facilitate students communicating with other students. Participation in such networks has both positive appeal and potentially negative consequences. It is important that Paine College student-athletes be aware of these consequences and exercise appropriate caution if they choose to participate.

Student-athletes are not restricted from using any online social network sites and digital platforms. However, users must understand that any content made public via online social networks, or digital platforms are expected to follow acceptable social behavior and also to comply with federal government, state government, Paine College, SIAC and NCAA rules and regulations.

Facebook, YouTube, MySpace, Four Square and similar sites are hosted outside Paine College's server. Violations of the College's policy (i.e. harassing language, the College's alcohol/drug policy, or serious misconduct, etc.) or evidence of such violations in the content of online social networks or digital platforms are subject to investigation and sanction under the Paine College Student Handbook, the Student-Athlete Code of Conduct (page 25) and other policies. Inappropriate behaviors are also subject to the authority of law enforcement agencies. It is incumbent upon student-athletes to be aware of the College's regulations. Ignorance of these regulations does not excuse student-athletes from adhering to them.

Guidelines for Student-Athletes

The following guidelines are intended to provide the framework for student-athletes to conduct themselves safely and responsibly in an online environment. As a student-athlete at Paine College, you should:

1. Be careful about how much and what kind of identifying information you post on online social network sites. Virtually anyone with an e-mail address can access your page. It is unwise to make available information, such as, full date of birth, social security number,

address, residence hall room number, phone number, cellular phone number, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. YouTube and other sites provide numerous privacy settings for information contained in its pages; use these settings to protect private information. However, once posted, the information becomes the property of the website.

2. Be aware that potential current and future employers often access information you place on online social network sites. You should think about any information you post on Facebook, YouTube, or similar sites, as potentially providing an image of you to a prospective employer. The information posted is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.
3. Be careful in responding to unsolicited e-mails asking for passwords or PIN Numbers. Reputable businesses do not ask for this information in e-mails.
4. The online social network sites are NOT a place where you can say and do whatever you want without repercussions. Do not have a false sense of security about your rights to freedom of speech. Understand that freedom of speech is not unlimited.

Prohibited Conduct

Student-athletes are highly visible representatives of the College and are expected to uphold the values and responsibilities of the College while meeting all requirements set forth by the SIAC, NCAA, Paine College and Paine College Intercollegiate Athletics Program. The Paine College Department of Athletics prohibits malicious and reckless behavior when utilizing public media outlets. It is important that student-athletes recognize the power of public media domains and the potentially negative image that they can portray about student-athletes, coaches, the Athletics Program and the College.

Sanctions: Any inappropriate activity or language in violation of the above prohibitions, including first-time offenses, is subject to investigation and possible sanction by the Athletics Department, as well as legal authorities. Sanctions imposed by the Department of Athletics may include, but are not limited to, the following:

- Written notification from the Director of Athletics or assignee to the student-athlete outlining the policy and requiring that the unacceptable content be removed, or the social network account be de-activated.
- Temporary suspension from the team until prescribed conditions are met.
- Indefinite suspension from the team.
- Dismissal from the team.
- Non-Renewal of Athletic Grant-In-Aid.

ACADEMIC POLICIES

Academic Expectations Agreement

In order to ensure satisfactory progress, maintain eligibility, and receive continuing support, student-athletes should adhere to the following expectations:

1. The NCAA mandates student-athletes must be enrolled in a minimum of twelve (12) credits at all times during the Fall and Spring Semesters.
2. The NCAA also requires student-athletes to earn a minimum of twenty-four (24) credits per year, with a maximum of six (6) credits to be earned during the Summer Term.
3. Student-athletes are expected to maintain at least a 2.0 GPA at all times.
4. Aside from absences due to competition, student-athletes are expected to attend all lectures, discussions and labs.
5. Student-athletes are expected to make appropriate arrangements with professors and instructors to make up missed tests and other assignments due to athletic travel.
6. Student-athletes are expected to maintain contact with their Academic Advisors and keep their Advisors informed of any current or upcoming academic concerns so that the appropriate assistance may be determined.
7. Student-athletes are expected to seek out their professors and instructors for extra help when necessary.
8. When requesting a tutor, student-athletes are expected to follow the outlined procedures for obtaining a tutor and to meet with their tutors at the assigned date, time and location.
9. If assigned to Study Hall, student-athletes are expected to complete all required hours, unless excused by their coaches, and are expected to utilize Study Hall time in a responsible manner.
10. If extenuating circumstances put a student-athlete in danger of failing one or more classes, that student-athlete is expected to inform his/her coach of these circumstances.

Good Standing

Paine College requires a cumulative GPA of 2.0 or above to remain in good standing with the College and the Department of Athletics.

Academic Probation

Cumulative GPA Below 2.0 - Student-athletes with a cumulative GPA below 2.0 will be placed on probation status by the Director of Athletics and/or Coach.

Academic Suspension

Students on probation who fail to achieve or maintain good standing in any subsequent semester will be placed on suspension, unless they meet the criteria for appeals. Suspended students may not enroll in the succeeding semester (one semester separation from the College). However, following the one semester of academic suspension, students who file an Application for Readmission are entitled to re-enroll.

Academic Dismissal

Students who are re-admitted after any suspension and fail to achieve or maintain good standing in any subsequent semester will be placed on academic dismissal, unless they meet the criteria listed in the Appeals Section. Academic dismissal means that student may not enroll in any succeeding semester, unless readmitted pursuant to the appeals process. Academic dismissal is a permanent separation from the College.

Appeals

A student has the right to appeal the decision for disciplinary action assigned by a faculty person, staff member, or the Provost/Vice President of Academic Affairs. In the case where the decision is made by faculty or staff member, the appeal should be made to the Provost/Vice President of Academic Affairs.

Decisions made solely by the Provost/Vice President of Academic Affairs may be appealed to the Academic Affairs Appeal Board which consist of a designee of the President, two faculty members (one appointed by the Provost/Vice President of Academic Affairs and one elected by the faculty), and two students appointed by the Student Government Association. A student who is dissatisfied with the decision of the Academic Affairs Board may appeal through the Provost/Vice President of Academic Affairs to the President.

All appeals must be made by the deadline stated in the letter of notification.

Class Attendance

Student-athletes should attend ALL CLASSES in which they are registered. When a student-athlete misses a class because of team travel, he/she is still responsible for any work missed. Coaches will submit a travel list of student-athletes to all instructors. Faculty can request to withdraw a student from class for excessive absences. If at any time a student-athlete drops below 12 hours, he/she becomes ineligible immediately and will not be able to participate in athletics during the semester.

Missed Class Time for Practice Activities

It is not permissible for a student-athlete to miss class for practice activities, except when the team is traveling to an away-from-home contest and the practice is in conjunction with the contest.

NATIONAL COLLEGIATE ATHLETIC ASSOCIATION (NCAA)

RULES AND REGULATIONS

Each year prior to participation in intercollegiate competition, a team meeting will be held, and athletes will receive a copy of the “Summary of NCAA Regulations.” Student-athletes will be required to submit the following:

- Student-Athlete Authorization/Consent for Disclosure of Protected Health Information Form
- Student-Athlete Information Form
- Student-Athlete Statement
- Information relating to eligibility
- Written consent to disclose education and medical records to an authorized representative
- Permission to be tested for drugs
- Signed Student-Athlete Eligibility/Academic Statement

Failure to complete and sign the statement annually will result in ineligibility for participation in all intercollegiate competition.

NCAA Academic Requirements

Freshmen Student-Athlete Requirements:

- It is imperative for student-athletes to do well in all classes. Having to repeat a class means taking a class twice that will count only once. This can affect NCAA eligibility.
- Student-athletes who are undecided about a major should take classes that would be required in the core curriculum for any of the majors.
- Student-athletes should enroll in at least 15 hours, especially if students are unsure about their academic ability. This will allow withdrawal from a three-hour academic class, and still enable the student-athlete to be enrolled full-time.
- Student-athletes should never withdraw from a class without consulting their instructor, academic advisor, faculty athletics representative and coach. If student-athletes withdraw and are enrolled less than full-time, they are immediately ineligible and may not compete. Instructors may withdraw student for non-attendance.

Returning/Transfer Student-Athlete Requirements

- Student-athletes must earn at least 24 semester hours toward their majors from Fall to Fall in order to compete the following year. Of these 24 hours, at least 18 must be earned during the Fall and Spring Semesters (75%) and only 6 of these 24 hours may be counted from courses taken during Summer Semester (25%).

- Student-athletes who are entering the third year of enrollment must have declared a major which leads to a Baccalaureate Degree. The hours taken must be in courses specifically required for that major. Student-athletes deciding to change their major must officially make the change in the Registrar's Office. Unless the major is officially changed, any new courses taken towards this major will not count toward athletic eligibility.
- Student-athletes must request a copy of the major checklist (Program Advisement Record) from the Faculty Advisor. This shows how your courses fit into the major requirements and which courses you need to take.
- Transfer student-athletes should make certain that they are not retaking a course in which they have already earned credit. These students should BE AWARE THAT A "D" IN THEIR MAJOR COURSES WILL NOT TRANSFER AND IS NOT ACCEPTABLE IN A MAJOR COURSE AT PAINE COLLEGE.
- Student-athletes intending to enroll at another institution during the summer on a transient basis must receive advance permission to do so.

Again, student-athletes should never withdraw from a class without consulting their instructor, academic advisor, faculty athletics representative and coach. If a withdrawal results in less than full-time enrollment (i.e. less than 12 credit hours), the student-athlete is immediately ineligible and may not compete. Instructors may withdraw students for non-attendance.

If a student-athlete does not meet the following requirements, he/she will not be eligible to play. Therefore, these instructions are critical to your continued athletic participation. If you have questions about them, please ask your coach or contact **Dr. William Lawless, Faculty Athletics Representative**, in the Mary Helm Building, Room 316 or by phone at (706) 821-8284.

Athletics Eligibility Lists – Rules and Regulations

Athletic rosters must be regularly monitored. Student-athletes are coded through the Master File and any addition or deletion should be identified immediately so as to avoid scheduling costs and improper registration. Coaches should submit a final roster at the conclusion of their respective sports season. This will allow monitoring for the academic report and maintenance of eligibility satisfactory progress standards. The roster lists are alphabetized with official names and the proper means of identification.

NCAA Division II Initial Eligibility

For unconditional admission and housing, all freshmen at Paine College must satisfactorily complete the academic provisions of NCAA Bylaw 14.3. Before the freshman student-athlete is eligible for practice and competition, the student-athlete must ensure that his/her high school has provided the Clearinghouse the following:

- NCAA student-athlete form (48-H) from the student-athlete's respective high school, signed and sealed by the Principal or Guidance Counselor;
- A final high school transcript indicating graduation

New Freshmen Eligibility

A freshman who does not meet the requirements of NCAA Bylaw (14.3) is ineligible to practice or compete for one (1) academic year (Fall/Spring Semesters). The student-athlete must be in residence that one (1) academic year and pass twenty-four (24) hours of semester coursework (no duplicate credit) and achieve good academic standing.

Full-Time Status

A student-athlete must be enrolled in at least twelve (12) credits per semester.

Designation of a Degree

The calculation of credit hours under satisfactory progress shall be based on hours earned at the certifying institution. By the beginning of the student-athlete's third year of enrollment (fifth semester) at any institution, those hours must be earned in a specific baccalaureate program. Therefore, the fifth semester student-athlete must have completed his/her transfer to Paine College.

Since differing standards apply for each college, a student-athlete may temporarily satisfy this requirement by means of a "tentative contract" signed by the appropriate academic official of the College (certifying the applicability of the coursework), the Academic Advisor for student-athletes and the student-athlete. In order to be eligible for this contract, the particular student-athlete must have at least an overall 2.0 grade point average for all coursework or have achieved at least a 2.0 grade point average for the previous academic semester (excluding Summer Term) with at least 12 hours. The tentative contract will be written for only one (1) academic year.

10-Semester Limit

A student-athlete must complete four (4) seasons of eligibility within ten (10) semester calendar years from his/her initial date of full-time enrollment. A member institution may approve a one-year extension of the 10th semester period of eligibility for a female student-athlete for reasons of pregnancy.

NCAA Division II

In addition to the purposes and fundamental policies of the National Collegiate Athletic Association, members of Division II support the following principles in the belief that these statements assist in defining the nature and purposes of the Division. These statements are not binding on member institution but serve as a guide for the preparation of legislation by the Division and for the planning and implementation of programs by institutions and conferences.

A member of Division II:

- Subscribes to high standards of academic quality, as well as breadth of academic opportunity
- Strives in its athletic program for regional and national excellence and prominence. Accordingly, its recruitment of student-athletes and its emphasis on, and support of, athletic programs are, in most cases, regional and national in scope

Sportsmanlike Conduct

The National Collegiate Athletic Association, the Southern Intercollegiate Athletic Conference and Paine College are committed to establishing sportsmanship and developing a healthy environment for competition.

Principles of Sportsmanship

The essential elements of character building and ethics in sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairness, caring and good citizenship. The highest potential for sports is achieved when competition reflects these "six principles of sportsmanship."

SOUTHERN INTERCOLLEGIATE ATHLETIC CONFERENCE (SIAC)

Conference Affiliation

Paine College is a member of the Southern Intercollegiate Athletic Conference (SIAC). In addition to Paine College, the conference includes the following institutions: Albany State University, Benedict College, Central State University, Clark-Atlanta University, Fort Valley State University, Kentucky State University, Lane College, LeMoyne-Owen College, Miles College, Morehouse College, Paine College, and Tuskegee University.

The range of the academic programs offered by the member colleges/universities are of excellent quality and highly respected. Membership in the conference(s) enhances our athletic programs and provides opportunities for nationwide visibility and publicity for the athletic and academic programs, as well as for the College.

The Southern Intercollegiate Athletic Conference (SIAC) was organized on December 30, 1913, in response to the pressing need to regulate intercollegiate sports among “Negro colleges in the southeast.” Representatives of ten (10) institutions met at Morehouse College and formed the organization that today is a viable entity in intercollegiate athletics.

Through the years, the SIAC and its member institutions have provided wide-ranging educational opportunities to thousands of young people as well as fulfilling entertainment experiences to millions of sporting enthusiasts. Former conference performers have gone on to play in professional sports and also to hold significant leadership roles, making noteworthy contributions to American society. Many have distinguished themselves in their communities by excelling as educators, physicians, attorneys and businesspersons, etc.

The SIAC is a member of the National Collegiate Athletic Association (NCAA) and participates at the Division II level. On an annual basis, the SIAC sponsors six men’s (baseball, basketball, cross-country, football, tennis, and outdoor track and field) and five women’s (basketball, cross-country, tennis, outdoor track and field, and volleyball) championships.

The current conference membership includes: Albany State University, Benedict College, Central State University, Clark-Atlanta University, Fort Valley State University, Kentucky State University, Lane College, LeMoyne-Owen College, Miles College, Morehouse College, Paine College, Paine College, and Tuskegee University.

SIAC Code of Conduct

It is understood that each institution is unique unto itself. Consequently, each institution should design the specifics of its own Code of Conduct. Each institution is responsible for creating a hospitable environment for visiting teams and spectators. This can be affected through public address dialogue, cheers, and other hospitality gestures that the host institution can extend. All people who are involved in the hosting process are expected to treat guests with fairness and respect in all matters. The following statements serve as guiding principles for host institution personnel:

1. **Student-Athletes**: SIAC student-athletes must realize that they are very visible representatives of their institutions. It is extremely important they act in a responsible and respectable manner at all times when representing their institution.
2. **Fans**: It is understood that occasionally individuals will verbally abuse officials and opponents. Paine College may refuse admission to athletic contests to individuals who repeatedly exhibit a pattern of such conduct.
3. **Spirit Groups**: Like student-athletes, these groups are visible representatives of the institution. High expectations are placed upon them for exemplary behavior. The role of any spirit group is to support and affirm their team, not to deride their guests. Recommended conduct of various spirit groups is listed in the following paragraphs.
4. **Cheerleaders**: The cheerleaders should project a positive influence upon the spectators and participants in the contest. The positive influence can be manifested in the content of the cheers, the timing of the cheers and the positioning of the squad during the game. In general, the content of the cheers should not contain language or gestures that are of questionable taste or that antagonize the opposing team. The squad should not position themselves behind goals in an attempt to affect play in any way, including free-throw shooting. Further, they should position themselves in front of their own crowd before the game, during time-outs, and at half-time.
5. **Mascots**: The role of the mascot is to help foster fan support, and any gesturing or positioning should occur to serve that end. However, it should not impair the progress of the game or confront the opposing players or spectators in any negative manner. At no time should the mascot antagonize or enter the vicinity of the opposing team's bench. Any good-natured humor involving officials should be limited to times when they are idle and there is no game action taking place.

The SIAC believes that an effort on the part of all conference members to create an atmosphere of sportsmanship will result in a healthier, more positive environment in which student-athletes can compete.

Code of Conduct for Coaches, Staff and Student-Athletes

The Paine College Department of Athletics expects all coaches, staff and student-athletes to conduct themselves in a manner that reflects favorably upon the people and the traditions associated with Paine College, the Southern Intercollegiate Athletic Conference and the National Collegiate Athletic Association.

Standards of conduct are established and enforced by:

- NCAA rules and regulations for coaches, staff and student-athletes that are prescribed in the NCAA Manual. Sanctions may be imposed against a coach, staff member, or student-athlete and are within the domain of the NCAA.
- As a member of the NCAA, Paine College has adopted policies in compliance with the NCAA Constitution and Bylaws. The College has adopted a policy of zero tolerance toward any major NCAA rules infraction. Paine College also takes a strong stand on repeated inadvertent violations. Any violations discovered shall be reported immediately to the Director of Athletics.
- The Department of Intercollegiate Athletics is empowered to investigate and direct to the proper authorities all allegations or wrong-doing on the part of coaches, staff and student-athletes.

Under no circumstances is an employee permitted to engage in retaliation, retribution, or any form of harassment against another employee for reporting compliance-related concerns. Any retribution, retaliation, or harassment will result in disciplinary action.

Under no circumstances may a coach or member of the Athletics Staff retaliate against a student-athlete for reporting a violation or any wrongdoing of a staff person or student-athlete.

The Department of Athletics strongly supports the Code of Good Sportsmanship of the NCAA, which states that coaches, staff and student-athletes who participate in intercollegiate athletics carry a heavy responsibility for displaying characteristics that promote integrity and civility within our society. Coaches, staff members and student-athletes are role-models for our youth who look up to the accomplishments and achievements of our coaches and student-athletes.

Therefore, as coaches, staff and student-athletes representing Paine College, you are expected to conduct yourselves in the arena of athletic competition with fairness, honesty and responsibility. You are also expected to treat your opponents with civility and respect. In this respect, such currently popular tendencies as “talking trash,” “finger pointing,” or unprovoked acts of physical violence will not be tolerated.

STUDENT-ATHLETE DEVELOPMENT SERVICES

Wellness Program

The Paine College Wellness and Counseling Center employs a three-level model for Student Affairs Service Programming to Promote the Education of the Whole Person (Emotional, Social, Intellectual, Spiritual, Physical and Community). The first level, the Primary Prevention or Wellness Stage, targets what is defined as the “Well” for those students, faculty, staff and administrators who are currently experiencing a relatively high quality of Emotional, Social, Intellectual, Spiritual, Physical and Community Life. Each month, campus-wide events spearhead the promotion of wellness and places emphasis on collective activities that reinforce overall development in its six domains.

The second level, or Secondary Stage, focuses on the early identification of those students needing or seeking a better quality of life in one or more of the domains of wellness. Each month, small-to-medium size group activities place emphasis on collaborative homogeneous and heterogeneous clustering of students with the primary intention of improving their awareness and subsequent development in one or more of the domains of wellness.

The End Goal is to remedy problems or enhance life quality before a student experiences a deficit, impairment, dysfunction, or even incapacity in any of the domains of wellness. However, when the time comes that a student does require a third, or Tertiary, stage of the program, Group and Individual Counseling is used. This intervention places emphasis on the Emotional, Social and Intellectual domains while integrating the other three domains of wellness as appropriate, in order to help students, become aware of and, ultimately, correct what may well be faulty beliefs and/or practices and, if need be, learn how to change their behaviors.

All students are encouraged to utilize the services offered by the Counseling and Wellness Center when needed or advised. The Counseling Center is located in the Campus Center – 2nd Floor. A counselor can be reached by calling and scheduling an appointment with the counseling staff at (706) 821-8392. All sessions are kept strictly confidential.

Paine College Department of Athletics recognizes that student-athlete's lives are busy and full. The Department of Athletics will provide support services to assist student-athletes in managing multiple responsibilities. These services are provided to all currently enrolled students and alumni of Paine College. The Office of Career Services is located in the Student Center – 2nd Floor.

SUBSTANCE ABUSE POLICY

The Paine College Department of Athletics recognizes the stressful nature of collegiate athletic participation. The use of controlled substances (narcotics, marijuana, stimulants, etc.), and the use of alcohol by student-athletes will adversely affect their academic performance, athletic

achievements and personal well-being. Student-athletes who abuse controlled substances (alcohol or performance-enhancing drugs) put themselves, their teammates and the program at risk.

For these reasons, Paine College Athletics does not tolerate substance abuse, use of any substance banned by the NCAA, underage drinking, or the inappropriate use of alcohol. Student-athletes who refuse to consent to drug screening under the policy, or refuse to participate in substance abuse prevention educational programs, will not be eligible to participate in inter-collegiate athletics at Paine College.

The Department of Athletics is committed to enhancing the life of every student-athlete who comes to the College campus and chooses to participate in the Athletics Program. Paine College Athletics believes that strong substance abuse prevention education and a drug-screening program are essential to protect student-athletes from the harmful effects of drug and alcohol abuse.

Terms and Definitions

Compliance	Student-athletes who refuse to participate in drug education and screening will not be eligible to practice or compete as a member of any team at Paine College. Student-athletes who have tested positive for banned substances and fail to comply with imposed sanctions will not be eligible to practice or compete as members of any Paine College sports team.

NCAA Policy	If a student-athlete is subjected to testing by the NCAA and the result is a positive test, the following will apply: The student-athlete shall remain ineligible for all regular-season and post-season competition during the time period ending one calendar year after the student-athlete's positive drug test, and until the student-athlete re-tests negative. (NCAA By-Law 18.4.1.5.1)
Self-Help	Student-athletes are encouraged to seek confidential help before violations occur. No student-athlete will be penalized for seeking assistance prior to notification of a pending drug screening.
Banned Substances	Tests will be conducted for THC/marijuana, cocaine, opiates, PCP, amphetamines, anabolic steroids and barbiturates. In addition, the Athletics Department reserves the right to test for any drugs banned by the NCAA. The student-athlete should consult the NCAA banned substance list when purchasing over-the-counter medications, or when receiving a prescription from his/her private physician. The team physician is familiar with this list and is a good source of information.

Referral and Assessment

Student-athletes who test positive for drug use will be encouraged, and in some cases may be required, to participate in a program that provides assessment and counseling. The Counseling Center is a resource that is available on-campus to provide assessment and counseling at no cost to students. However, a list of other acceptable counseling programs will be provided upon request for the student-athlete to utilize if he/she wishes. However, the student will be responsible for any and all charges incurred for services provided by outside vendors. It will also be the responsibility of the student-athlete to ensure that any counseling program chosen is acceptable to the Director of Counseling Services at Paine College for the type of counseling required.

Purpose and Goals

Paine College Athletics has established the following purpose and goals for the substance abuse prevention, education and drug-screening program:

1. Through team meetings, meetings of all student-athletes and educational seminars, the Paine College student-athlete will be made aware of the substance abuse policies of the Paine College Department of Athletics.

3. Through education, the Paine College Department of Athletics will help student-athletes to avert destructive behaviors and to cope with the stresses of academic/athletic life.
4. Paine College Athletics will actively promote healthy lifestyles, which will help student-athletes succeed.
5. Paine College Athletics will confidentially identify participants who may be abusing specific drugs.
6. Paine College Athletics will encourage, and in some cases require, student-athletes to seek counseling and treatment for drug or alcohol problems.

Education

At the beginning of each academic year, the Department of Athletics will present at least one substance abuse prevention education seminar. All incoming student-athletes, freshmen and transfers must participate in this substance abuse prevention seminar. Returning student-athletes will be encouraged to participate in this seminar, and student-athletes who have tested positive through the NCAA Drug Testing Program or the Paine College Department of Athletics Drug Screening Program may be required to attend these seminars as well.

Department of Athletics Alcohol/Drug Policy

In general, the College does not endorse the consumption of alcoholic beverages. The College also recognizes the health risks associated with the use of illicit drugs and the abuse of alcohol. Researchers have found hazards of abuse:

1. Physical and physiological dependence can develop.
2. Long-term heavy drinking is a factor in liver and heart damage, malnutrition, and many other illnesses.
3. Driving under the influence can cause accidents because of slowed reflexes, disorientation, etc.

The following rules and regulations are applicable to Paine College:

1. Under no circumstances may any type of alcoholic beverages be sold by any persons or organizations on the College campus.
2. It shall be unlawful for any person to consume any alcoholic beverages – fortified or unfortified – in any public place, upon any public street, or upon any public College street or parking area, upon the private premises of the College, or in or around any Residence Hall, institutional facility, or College buildings.
3. It is unlawful for anyone to aid or abet a person under twenty-one (21) years of age in purchasing, possessing, or consuming alcoholic beverages.
4. Drunkenness, coupled with disorderly conduct, will not be tolerated. The institution will impose disciplinary sanctions on students and employees (consistent with local, state and federal laws), up to, and including, expulsion or termination of employment. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

The Department of Athletics' policy regarding the use of alcohol at departmental events are as follows:

- a. Alcohol may not be purchased during team travel.
- b. Alcohol may not be served or consumed during travel.
- c. Alcohol may not be purchased by administrators or coaches for consumption by student-athletes.

Departmental events that include prospective student-athletes and enrolled student-athletes may not include the consumption or use of alcohol. In regard to prospective student-athletes, administrators and head coaches must require that the entertainment of prospective student-athletes not involve the use of alcohol. In regard to enrolled student-athletes, alcohol may not be served at gatherings held after athletic contests.

Department of Athletics Policy: Head Coaches, Administrators, Student Ambassadors and Prospective Student-Athletes are required to abide by this policy.

Paine College Drug-Free Workplace Policy and Procedural Statement

It is the policy of Paine College that every student and employee are entitled to work under the safest possible conditions. To this end, every reasonable effort will be made to provide and maintain a workplace free from dangers stemming from the manufacture, distribution, possession and use of a controlled substance or alcohol.

First Offense – Student

Suspension for a period of not less than one (1) semester while participating in a drug or alcohol abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

Second or Subsequent Offense

Suspension for a period of two (2) semesters, outside counseling and/or alcohol course.

Screening and Testing Procedures

The following procedures have been established to provide a safe and secure program for screening Paine College student-athletes for substance abuse:

1. Drug screening will be coordinated by the Paine College Department of Athletics, which will take the necessary steps to ensure that specimen collection procedures are strictly followed.
2. Notification of a pending drug screening will be made to Head Coaches, who will notify their respective student-athletes that they have been selected.
3. The Augusta University Sports Medicine Team will inform student-athletes of the timeframe available to them to report to the testing site. Failure for any reason to report to the testing site and render an acceptable specimen within that timeframe will automatically be considered the same as a positive test and will be treated as such.
4. Student-athletes will be instructed to restrain from urinating 2-3 hours prior to the drug test. The student-athlete will have to remain at the test site until an adequate specimen can be collected.
5. Student-athletes will be required to present a picture ID at the time of the screening.
6. Urine specimens will be taken under circumstances designed to prevent specimen tampering and/or substitution.
7. The specimen will be divided. A portion will be reserved for re-testing if the initial testing of the specimen is either positive or suspect.

8. At the time of drug screening, the student-athlete will have an opportunity to disclose the names and/or types of any medically prescribed or over-the-counter substances they might have been taking that may affect the results of the screening.
9. The student-athletes must remain at the collection site until excused by the laboratory personnel.
10. If the laboratory determines that any banned substances are present in the sample, the Director of Athletics will be confidentially notified of the identity of the athlete with the positive test.
11. The Director of Athletics will arrange a meeting with the student-athlete and the respective Head Coach. No other person will be notified, unless the Director of Athletics deems such a notification is necessary to protect the student-athlete's health and interests.

Screening will be conducted on a selective and random basis with both announced and unannounced tests. Student-athletes may be subjected to testing during the entrance physical screening or at any time throughout the academic year. A student-athlete who refuses to participate in a drug screening or fails to report for a scheduled screening within the allotted time, will be considered medically ineligible. Procedures and sanctions will be consistent with those of a positive test.

Any student-athlete may be subjected to testing at any time when, if in the judgment of the Director of Athletics and the Head Coach, there is reasonable cause to suspect the student is engaged in the use of any of the drugs prohibited by this policy. Such individualized reasonable suspicion may be based on information from any source deemed reliable by the Director of Athletics. The content of the information may include, but not be limited to: 1) observed possession or use of substances that reasonably appear to be drugs of the type prohibited, 2) arrest or conviction for a criminal offense related to the possession, use, or trafficking of drugs of the type prohibited, and/or 3) observed abnormal appearance, conduct or behavior, including absence from academic duties, training or competition, reasonably interpretable as being caused by the use of drugs of the type prohibited.

Upon receipt of such information, the Director of Athletics shall confer with College legal and medical representatives to determine whether there is reasonable cause to suspect that the student-athlete is engaged in prohibited drug use. Individualized reasonable suspicion means that if the available facts were conveyed to a reasonable person unfamiliar with the student-athlete or the Athletic Program, that person would conclude that there is a factual basis for determining that the student-athlete is using a prohibited drug.

If individualized reasonable suspicion is found to exist, the Director of Athletics and the Head Coach will meet with the student-athlete. At the meeting, the student-athlete will have the opportunity to provide an explanation for his/her behavior. However, if the explanation is not satisfactory, the Director of Athletics will provide written notice specifying the date, time, and place at which the test will be conducted. The consequences for failure to cooperate and participate

in the drug screening, or a positive test for a banned substance, will result in sanctions consistent with those outlined for random testing.

Sanctions for Positive Test Results

The following NCAA sanctions will be applied to student-athletes who test positive as a result of the Paine College imposed drug screening.

First Offense

The student-athlete will be notified of a positive test in a meeting with the Director of Athletics and the respective Head Coach. Parents of the student-athlete will be notified. The student-athlete will be considered medically ineligible and will not be permitted to participate in practices or competition for a period of time set by the Director of Athletics. The period of ineligibility begins on the day of the official notification and lasts for a minimum period of 14 days. The Director of Athletics will consider recommendations of the respective coach, the recommendation of the Director of Counseling and/or other relevant circumstances. After due consideration, the Director of Athletics has the options to discontinue scholarship assistance, extend the period of ineligibility up to a period of one year, require participation in an approved treatment or counseling program, or any combination thereof. In addition, once a student-athlete tests positive for a banned substance, random selection will no longer apply, and the student-athlete can expect to be selected for participation in drug screening more frequently than other student-athletes. Before the student-athlete can regain eligibility, the student-athlete must be re-tested with negative findings. If rehabilitation is advised, it will be at the student’s expense.

Second Offense

A student-athlete who is otherwise in good standing as a team member yet tests positive for a second time during his/her eligibility will be declared medically ineligible to participate for one calendar year. Parents of the student-athlete will be notified. Scholarship assistance will end with the current semester of the positive test and will not be reinstated for one calendar year from the time of discontinuance.

Third Offense

A student-athlete who tests positive for a third time during his/her eligibility will be immediately and permanently expelled from intercollegiate athletics at Paine College. This includes loss of all athletic-related financial aid.

Use of Tobacco Products Per NCAA Policy

Legislation adopted by NCAA member schools at the 1994 Convention prohibits the use of all tobacco products by student-athletes and game personnel (Example: Coaches, Athletic Trainers, Managers and Umpires) during practice and competition. The penalty is disqualification for the remainder of the practice or ejection from the contest.

MEDICAL SERVICES

Athletics Physical Exam

The Athletics Physical Examination is performed by the Athletics Training Staff and the Paine College Team Physician and their staff at pre-arranged times for each team. Upon successfully completing the Athletics Physical Examination, the student-athlete is then medically cleared for participation.

- ❖ Student-athletes who do not receive their Medical Clearance Forms over the summer from their coach can contact the Athletics Training Staff
 - ❖ Student-athletes will not be allowed to receive their physical until all forms are completed and turned in to the Athletics Training Staff.
- Incomplete forms will not be accepted.

No member of the Paine College Department of Intercollegiate Athletics will permit a student-athlete to participate, nor will Paine College provide insurance coverage to any student-athlete who has not completed the pre-participation physical examination procedure.

Pre-Participation Exam Procedures

All student-athletes must have the following items / forms completed and on file with the Paine College Athletics Training Department in order to be considered for medical clearance/certification:

- ❖ Health History Questionnaire Form;
- ❖ Primary Insurance and Emergency Contact Information

- ❖ Paine College Insurance Policy Form
- ❖ Paine College Drug Testing Policy and Consent Form
- ❖ Current Medication Sheet
- ❖ Authorization for the Use, Disclosure, & Release of Protected Health Information Form
- ❖ Photocopy (front & back) of Health Insurance Card
- ❖ Sickle Cell Waiver Form

Every student-athlete must also undergo a Pre-Participation Physical Examination done by a Paine College Team Physician and/or his/her designee. The Paine College Pre-Participation Physical Examination will include, but is not limited to, the following:

- ❖ Medical history review
- ❖ Height and weight
- ❖ Pulse and blood pressure
- ❖ Medical Physical examination

- ❖ Isokinetic Evaluation and/or
- ❖ Other diagnostic test(s) as prescribed by the Paine College Team Physician and/or his/her designee.

If for any reason the student-athlete is not medically approved / certified for intercollegiate athletics participation, he/she will be notified by the Paine College Team Physician and/or a member of the Paine College Athletics Training Department at the end of the pre-participation physical examination.

- ❖ Costs associated with any tests, consultations, and/or medical procedures needed to gain medical approval/certification for participation will be the sole financial responsibility of the student-athlete.

Individuals identified with a pre-existing condition may become medically approved. Such individuals will be allowed to participate in intercollegiate athletics if they sign the Pre-Existing Condition Waiver and Release.

- ❖ Any injuries and their related costs resulting from the injury designated in the Pre-Existing Condition Waiver and Release will be the sole financial responsibility of the student-athlete.

Paine College reserves the right to refuse medical approval/certification for participation in

intercollegiate athletics based on the medical opinion of the Paine College Team Physician and/or his/her designee. Under no circumstances may a student-athlete seek medical clearance/certification from a private (non-Paine College) physician.

If a coach would like to have a medical screen done on a prospective student-athlete (PSA) prior to attending Paine College, the PSA Pre-Screen form is available to all coaches. This is not a required form to pass the pre-participation physical examination.

Pre-Existing Injury or Condition

All student-athletes are required, as part of their medical eligibility, to complete a comprehensive medical history questionnaire accurately and truthfully. Any information that is omitted, false, or intentionally withheld will result in the student-athlete and/or parents being financially responsible for any/all expenses incurred and for any/all medical treatment for the injury/condition determined.

The Athletics Department's secondary insurance policy will not cover any injury/condition that occurred outside of the student-athlete's participation and/or eligibility in intercollegiate athletics at Paine College.

Paine College student-athletes will be given the opportunity to sign a Pre-Existing Condition Waiver if deemed appropriate by the Paine College Team physician that they may participate with their pre-existing condition. By signing the waiver, they agree to all contents of the waiver without exception.

Injury Policies

Non-Athletic Related Injury Procedures

If a Paine College student-athlete is injured outside of a practice or game and a certified Athletics Trainer is called, or the athlete comes to the athletic training room, the following procedures should be followed:

- ❖ Provide only immediate first aid, i.e. ice, clean wounds brace etc.,
- ❖ Inform the athlete that he/she will be liable for all medical bills.
- ❖ Ask the student-athlete if he/she would like to see our Team Physician. Again they will be responsible for all bills, but seeing our Team Physician makes follow-up care easier.
- ❖ We can provide follow-up care if there is no cost involved.
- ❖ If an ambulance needs to be called, call one if requested. It is the athlete's financial responsibility.
- ❖ Record information in athlete's folder.

Responsibilities of the Student-Athlete

In order that all student-athletes receive complete medical benefits, the following procedures must be followed:

- ❖ For injury/illness occurring when not at practice, you should notify the Athletics

Trainer immediately.

- ❖ Upon receiving any injury during practice or game, (no matter how slight), the athlete must report immediately to the team's Athletics Trainer.
- ❖ Report all new injury/illness problems to your Athletics Trainer
- ❖ **You must notify your Head Coach or Position Coach of all injuries/illnesses.**
- ❖ Injured student-athletes must follow these listed steps:
 - 1) Student-athlete receives an evaluation.
 - 2) Referral to the athletic training room for recommended treatment or to the doctor for additional evaluation.
 - 3) Go to the designated athletic training room for recommended treatment or rehabilitation daily.
 - 4) Injury will be re-evaluated daily.
 - 5) Complete insurance information if necessary.
- ❖ Return to practice or competition after approval by the Athletics Trainer and/or Team Physician.
- ❖ The Athletic Trainer should handle all insurance questions. All bills should be turned in promptly to the Athletics Trainer.
- ❖ If emergency treatment is required while a student-athlete is away from campus, it is the responsibility of the coach to contact the host school's Athletic Trainer or host Team Physician to have the student-athlete receive necessary treatment. If a bill follows, a copy must be returned to the Athletics Trainer immediately upon arrival.
- ❖ If emergency treatment is required while a student-athlete is injured during scheduled practice when the athletic training room is closed, it is the responsibility of the coach or the student-athlete to call for procedures in receiving treatment.

Injury Clearance

- ❖ If an injured player is sent to a Physician, the Physician will determine when the injury has healed enough that the athlete may return to participation.
- ❖ Once an athlete has been cleared for return to play by a physician the Athletics Trainer determines when the athlete is prepared to return to practice and game situations.
- ❖ Once an athlete has been cleared by the Athletic Trainer to participate in practice and or games, it is the coaches' discretion as to when the athlete will resume participation.

CONCUSSION MANAGEMENT POLICY

What is a Concussion?

A concussion is a brain injury that is caused by a blow to the head or body that may result in improper brain functioning. A concussion can range from mild to very severe and manifests itself differently in each individual.

Education

Prior to each academic year, all Paine College student-athletes and coaches will be educated

on the effects of concussions and the signs and symptoms that arise from a head injury/concussion and the seriousness to which they must be handled. At the conclusion of the educational session, student-athletes will sign a statement acknowledging the receipt of the education, as well as their role in reporting any student-athlete exhibiting signs and symptoms of a concussion to the appropriate member of the sports medicine staff.

Signs and Symptoms of a Concussion

Signs and symptoms of a concussion may include, but are not limited to the following:

- Loss of consciousness
- Seizure or convulsion
- Amnesia
- Headache
- “Pressure in head”
- Neck Pain
- Feeling slowed down
- Feeling like “in a fog”
- “Don’t feel right”
- Difficulty concentrating
- Difficulty remembering
- Fatigue or low energy
- Confusion
- Drowsiness
- More emotional
- Irritability
- Sadness
- Nervous or anxious
- Nausea or vomiting
- Dizziness
- Blurred Vision
- Balance Problems
- Sensitivity to light
- Sensitivity to sound

Exercise or activities that require a lot of concentration may cause symptoms to re-appear or worsen, thus increasing the time one needs to recover from a concussion.

Reporting A Concussion

Anyone that suspects a student-athlete has a concussion or notices any student-athlete suffering from any symptoms of a concussion must report the concerns to Paine College’s Athletic Trainer.

All student-athletes will be required to complete a concussion history document every academic year prior to competition and this will be used going forward with the complete history and evaluation of current concussion and post-concussion symptoms. This will also be used for the possibility of medical disqualification and season ending decisions based on multiple concussions in one season.

Evaluation of a Suspected Concussion

If an athlete is obviously unconscious, he/she will be transported and treated as though he/she has a cervical spine fracture, independent of the athlete re-gaining consciousness. All student-athletes with a suspected and reported concussion will be evaluated in two different ways depending on the setting.

- ❖ If the student-athlete is being evaluated during a contest away from the HEAL Complex, he/she will be evaluated using the SCAT2 evaluation document and a determination will be made following.
- ❖ All athletes that report to the athletic training room with a concussion during

an event/practice in the HEAL Complex he/she will be given an Impact test that day. Also, all student-athletes that report to the athletic training room with a suspected concussion will be given an Impact test following an initial physical evaluation of the head and spine.

No student-athlete that is diagnosed with a concussion will return to play without the

clearance **Acute Management of a Concussion**

Any athlete that suffers from symptoms of a concussion will be removed from participation for evaluation by the Athletic Department's Athletic Trainer. Following the initial evaluation, the Athletic Trainer will decide as to what the next steps in the care of the student-athlete will be. The Athletic Trainer will notify the FAR of any accommodations that may be needed by the student-athlete and the length of time those accommodations should be in place. The FAR will then notify the student-athlete's instructors and assist with coordination of those accommodations.

Post-Acute Concussion Management

All student-athletes will be re-tested every other day for improvement of signs and symptoms reported on the SCAT2 and the Impact test.

Testing will be performed on a schedule as determined by the Sports Medicine Staff, based on the scores of the student-athlete and their symptoms. A "symptom score" shall be taken each day up to and including the day the student-athlete is completely asymptomatic. Once a student-athlete has been asymptomatic for at least 24 hours and the neuro-psychological test scores have returned to the "normal", the student-athlete will be referred to a neurosurgeon

During the office visit, a neurosurgeon will make the determination to whether or not the student-athlete may be allowed to resume athletics participation according to the following return to play criteria:

- ❖ Step 1. Light Aerobic Exercise
- ❖ Step 2. Resistance Training/Plyometrics
- ❖ Step 3. Sport Specific Training
- ❖ Step 4. Non-Contact Practice Participation
- ❖ Step 5. Full-Contact Practice Participation
- ❖ Step 6. Return to Full-Participation

With the progression, an athlete should be allowed to progress, as long as symptoms do not arise at the current step. Progression from Step 1 may not begin until 24 hours after the completion of Step 2 and the same for Step 3 and so on. If symptoms do arise during the progression, the student-athlete will return to the previous asymptomatic step.

Upon completion of Step 6 the athlete will then be cleared by the team physician and a clearance letter will be received by the Athletic Trainer and the student-athlete will be returned to the sport.

Post-Clearance Complications

Any symptoms that return following clearance from the Team Physician without another

diagnosed concussion will be classified as post-concussion symptoms. These symptoms will be treated very seriously and will be immediately referred to the Team Physician for evaluation and course of treatment/care.

Multiple Concussion Policy and medical Disqualification

Multiple concussions in one season will result in the evaluation and conclusion of whether to terminate sports-related activity for that season. A student-athlete with 4 or more concussions in his/her lifetime will be given an extensive examination and may receive a medical disqualification for competition at Paine College. This determination will be made with extreme prejudice with the student-athlete's health being the ultimate factor.

Documentation

The entire management process from initial evaluation, until eventual return to full participation, including any diagnostic testing, shall be documented in the student-athlete's medical file.

Athletics Insurance Policy

At the beginning of each academic year, the student-athlete, and their guardian, will be required to provide the Athletics Trainer with updated personal and/or family medical insurance coverage. No student-athlete will be allowed to participate in any practice or competition until the Parent's Insurance Form has been completed in full. **All Paine College student-athletes are required to have primary insurance coverage that will cover athletics related injuries**

Paine College athletics provides a secondary athletics insurance policy which acts as an umbrella policy and covers allowable charges not covered by the athlete's primary insurance. In the event that a student-athlete is injured due to participation with their intercollegiate team, the student's primary insurance is used first. Any portion of a claim that is left outstanding by personal insurance will be filed to the Paine College secondary insurance and paid based on reasonable and customary charges. The Paine College athletics secondary insurance will not cover injuries sustained in non-intercollegiate activities, unsupervised intercollegiate related activities, or for general medical conditions.

THE ATHLETICS SECONDARY INSURANCE POLICY WILL NOT NECESSARILY COVER ALL OUT-OF-POCKET EXPENSES AND ANY REMAINING EXPENSES ARE THE RESPONSIBILITY OF THE STUDENT-ATHLETE.

Any changes in insurance and/or coverage must be reported to the athletic training staff immediately. New insurance forms must be completed and signed. Copies of the new insurance cards are also required. Failure to comply will cause a delay in processing the claim and the possibility of the account being turned over to collection, thus making it the responsibility of the student-athlete.

Please do not allow your primary insurance plan to expire or terminate. The Paine College secondary insurance will not cover your injury if there is no primary insurance claim. Any amount will be the

responsibility of the student-athlete and/or their parents.

If there is a need to purchase insurance prior to, or during the school year and assistance is needed, please contact the Athletics Trainer for policy information and availability.

Procedures

The Athletics Trainer must refer student-athletes incurring an injury due to participation in intercollegiate athletics. The Athletics Trainer will refer the student-athlete to the Team Physician for an orthopedic evaluation or an outside physician for medical care. The referring Athletics Trainer will fill out a medical referral sheet and an insurance claim form to be given to the physician. The referring Athletics Trainer will determine what physician the student-athlete can be referred to depending on the student-athlete's primary insurance.

If a student-athlete seeks medical attention without a referral from the Athletics Trainer, any medical expenses incurred will not be covered by Paine College's athletics insurance.

If a student-athlete's insurance will not allow him/her to be seen by Paine College's designated Orthopedic Doctors, The Athletic Trainer will coordinate care within the student-athlete's insurance network.

Previous Injuries

Paine College Athletics will not be responsible for any pre-existing injury or any operation not covered by our insurance.

Dental Coverage

Treatment of cavities or cleaning of the teeth will not be paid by the SHC Athletic Department. Any damage to teeth must be reported to the Athletics Trainer immediately. Any payment of bills for dental work resulting from injury must be authorized by the Athletics Trainer and includes only bills for repair of damage to healthy teeth caused during regularly scheduled practices or contests. Damage to decayed or otherwise previously injured teeth will not be covered.

Vision Coverage

Corrective lenses are not furnished by the Paine College Athletics Department. If the need is determined by the Team Physician for participation, it is the financial responsibility of the athlete.

Transportation

- At no time should a Student Athletic Trainer transport a student-athlete to an appointment in the trainer's personal vehicle.
- When appropriate, the student-athlete may drive himself/herself to the appointment.
- It is recommended that a College vehicle be utilized to transport the student-athlete to the appointment.

- Should a coach transport a student-athlete to a doctor's visit and an accident occurs, the driver's personal insurance will provide coverage.

ATHLETICS FINANCIAL AID

Athletic Aid Process

In accordance with regulations of the National Collegiate Athletic Association Division II (NCAA), Paine College, and its Athletics Department, Grants-in-Aid are awarded subject to the following terms and conditions:

- ❖ The student-athlete must meet all requirements of the NCAA, the associated sports conference, and the Athletics Department about eligibility and conduct.
- ❖ The grant-in-aid is awarded by the athletic department at SHC for a one-year term based on the regular academic calendar. A new contract must be signed prior to each academic year.
- ❖ An Athletics Grant-in-Aid may not be reduced or cancelled during the period of its award on the basis of a student- athlete's ability, injury, or illness.

Student-athletes may only have their award reduced during the middle of the school year if they render themselves ineligible, fraudulently misrepresent themselves on any information that has been provided to the college, engage in serious misconduct , voluntarily withdraw from their respected team, violate any conditions that are noted on the Grant-in-Aid document, or fail to uphold the standards and policies of the university and its athletic department, either on or off campus (also see the Paine College Student Handbook.)

- ❖ To be eligible for the Grant-in-Aid, the student-athlete must provide the information requested to establish academic eligibility, amateur eligibility, and medical background information.

Awards will be presented in total dollar amounts. The award will be posted to the student-athlete's account upon receipt of the signed Grant-in-Aid (for returning students) and upon receipt of final transcripts and final eligibility certification (for new students).

REQUIREMENTS

It is institutional policy that institutional aid, based in any degree on athletics ability, may not be reduced or cancelled during the period of the award, without legitimate reason. The athletics Grant-in-Aid may be cancelled or reduced at the expiration of the one-year term for any of the following reasons:

- ❖ Athletic performance
- ❖ Academic performance
- ❖ Failure to comply with NCAA regulations
- ❖ Failure to meet NCAA eligibility rules
- ❖ Failure to comply with any Paine College policies as outlined in the Paine College Student Handbook
- ❖ Failure to comply with the Paine College Athletics Code-of-Conduct
- ❖ Failure to comply with respective team rules

- ❖ Failure to uphold the mission of Paine College
- ❖ Negatively impacting team's capacity for success. (i.e. attitude, behavior, etc...)

Any reduction or nonrenewal of aid will be approved only if such action is taken for proper cause and written documentation is submitted to the Assistant Athletics Director for Compliance and the Director of Athletics. Without this documentation, any requests for reduction or nonrenewal will be denied. The Director of Athletics, in consultation with the Assistant Athletics Director for Compliance will decide whether to approve or deny the coach's recommendation, based on the specific facts and rationale and based upon whether the request complies with NCAA regulations. If a non-renewal request is denied, the aid will be renewed at the same rate as the prior academic year. When the recommendation is approved, the Director of Athletics will forward to the Financial Aid authority the information regarding the recommended revised award. The Director of Athletics will also notify the Head Coach of this decision, directing the Head Coach to meet with the student-athlete to inform him/her of the decision. The Head Coach will also verbally advise the student-athlete of the appeal process (described below).

Appeals Process

A student-athlete who wishes to appeal to the Athletics Compliance Committee any decisions related to his/her athletics related aid shall submit, to the Director of Financial Aid, the Athletics Scholarship Appeal Form that includes:

- ❖ The student's name, student ID number, year in school, and sport
- ❖ Current contact information (address, email, phone number)
- ❖ Their reason(s) for appeal including names of institutional staff members (e.g., coach, financial aid staff) with whom the student has discussed the case
- ❖ Copies of any relevant documents (e.g., letter regarding initial award of athletics scholarship)

The student-athlete must submit these materials to the Financial Aid Office within 2 weeks of the student receiving notification that the aid is either being cancelled, reduced or not renewed. The student may request an in-person hearing before the Athletics Compliance Committee.

A hearing will be scheduled, and the student-athlete and all involved parties, such as, the coach and the Director of Athletics will be notified of the time and place. Each side will present its arguments to the Athletics Compliance Committee. The Head Coach will have an opportunity to present relevant information in support of the action taken by Athletics. The student-athlete will then present relevant information in support of his/her appeal. The Athletics Compliance Committee will have an opportunity to ask questions of both sides. If the Head Coach is unable to attend, an explanation of his/her reasons should be provided to the committee. It is permissible for both sides to bring witnesses. Within fifteen (15) calendar days, the Athletics Compliance Committee reaches a decision and sends it in writing to each party. The committee's decision is final.

One of two actions is taken:

- ❖ If the Athletics Compliance Committee finds that the decision to reduce, cancel or not renew aid is not a violation of the rules, regulations or institutional policies and no extenuating circumstances are present, the appeal is denied.
- ❖ If the Athletics Compliance Committee finds that the decision to reduce, cancel or not renew aid is either a violation of the rules, regulations and institutional policies OR is questionable, the appeal is approved. The financial aid will be renewed.

In any case, the Chair of the Athletics Compliance Committee will notify the student in writing within 3 weeks after completion of the hearing. If the student wishes to discuss the results of the appeal, a meeting with the Director of Financial Aid will be arranged.

Non-Institutional Outside Financial Aid

All student-athletes receiving any form of outside scholarship or aid must complete the Outside Aid Form. All outside aid must be reviewed by the Financial Aid Office before being awarded to a student-athlete's financial aid package. The Director of Financial Aid or designee will either call the organization awarding the outside aid or will obtain information from the organization's website to determine whether the aid is permissible and, if so, if it is exempt or non-exempt aid. If the award is permissible for the student-athlete to receive, the Director of Financial Aid will check both team and individual limits before taking the check to the cashier for aid to be posted to the student-athlete's account.

Employment

Students, including student-athletes, may apply to work on or off campus. Financial aid awards may include funds from the Federal Work Study program. Compensation to a student-athlete may be paid:

- ❖ Only for work actually performed
- ❖ At a rate commensurate with the going rate in that locality for similar work
- ❖ An employer may not use the athletics reputation of a student-athlete employee to promote the sale of a product or service

Any student-athlete who is employed at a summer sports camp must have prior approval from the Assistant Athletics Director for Compliance. The Assistant Athletics Director for Compliance or your coach can provide the necessary forms.

If a student-athlete is going to be employed outside of Paine College, it is the student-athlete's responsibility to complete and submit to the Compliance Office the *Student-Athlete Employment Form*.

Prior to leaving campus for the summer, student-athletes are required to complete and return the *Student-Athlete Summer Questionnaire* which includes questions about potential summer employment.

Every student-athlete participating in intercollegiate competition at Paine College has an obligation to know and abide by NCAA and College regulations. To avoid intentional and inadvertent rules violations, student-athletes need to be aware of the rules that govern intercollegiate athletics. All infractions are contrary to our commitment to integrity, impede progress toward competing for conference championships and may jeopardize your eligibility to participate. The NCAA regulates intercollegiate athletics to maintain integrity, amateur status and sportsmanship. Maintaining, enhancing and improving integrity within intercollegiate athletics helps to protect the physical and educational welfare of the student-athlete. Every regulation is developed with the intent to establish a high standard of honor and dignity within the intercollegiate athletic setting.

COMPLIANCE AND ATHLETICS POLICIES AND PROCEDURES

Hosting A Prospective Student-Athlete

Should a coach ask a student-athlete to host a prospective student-athlete, the student-athlete should be aware of several things:

1. The student-host must be enrolled in the member institution being visited by the prospect.
2. The student-host must be a “qualifier” out of high school. Partial qualifiers or non-qualifiers may not serve as a student host during the first academic year in residence.
3. The student-host may be provided complimentary meals but must be accompanying the prospective student-athlete during the meal(s).
4. The student-host may receive a complimentary admission to a campus athletic event but may only use it if accompanying the prospective student-athlete to the event.
5. The student-host will be issued twenty dollars (\$20.00) to entertain the prospect.
The student-host may not give the prospective student-athlete this money or use any part of this money to purchase souvenirs such as T-shirts or other institutional mementos for the prospective student-athlete or the student-host.
6. The student-host may not travel with the prospective student-athlete outside of a 30-mile radius of the institution’s main campus.

Prohibited Activities

Gambling/Bribery

Gambling on collegiate or professional sports is prohibited by NCAA Bylaw 10.3.

Student-athletes may **NOT**:

1. Provide information to individuals involved in organized gambling activities concerning intercollegiate athletics
2. Solicit a bet on **ANY** intercollegiate team or professional team (including any type of pools)

3. Accept a bet on any team representing the institution
4. Participate in **ANY** gambling activity that involves intercollegiate or professional athletics through a bookmaker, a parlay card, or any other method employed by organized gambling
5. Gamble on sports events on the Internet
6. Exchange information about one's team with anyone who gambles, including information about injuries, new plays, team morale, discipline problems, or anything else

The penalties for breaking these rules are based on NCAA rules and regulations.

Outside Competition

1. All-star games and summer league games – Due to complexities of these rules, each student-athlete must get in contact with either the Coach or Assistant Athletics Director of Compliance of Paine College Athletics. NOTE: Most of these types of games are prohibited; therefore, ineligibility could result by participating in any of these types of contests, unless participation has been pre-approved by the Assistant Athletics Director of Compliance of Paine College Athletics and the Head Coach.
2. Student-athletes will lose eligibility by participating on any outside team during the academic year. Penalties can range in severity, and ineligibility may be for an entire year or entire educational career.

Promotional Activities/Commercial Advertisements

Student-athletes are prohibited from participating in promotional activities and commercial advertisements. Under **NO** circumstances can a student-athlete promote the sale of a commercial product. Any questions regarding these activities should be directed to the Director of Athletics or the Assistant Athletics Director of Compliance.

Agents

Should student-athletes or parents be contacted by an agent, they must immediately instruct the agent to contact the Department of Athletics to arrange for a special counseling panel in which advising may take place.

Under no circumstances can a student-athlete enter into an agreement with an agent (either orally or in writing) to represent him/her in future sport negotiations. If student-athletes do enter into an agreement with an agent while they still have eligibility left, the student-athlete will be declared ineligible for all NCAA sports (not just the sport for which an agreement was arranged).

ATHLETIC EVENT COMPLIMENTARY ADMISSION POLICY

The Department of Athletics is committed to allocating and distributing complimentary admissions to athletics events in a fair and equitable manner. All policies and procedures are consistent with the College, SIAC and NCAA rules and regulations, and have been developed with careful consideration given to the best interests of the intercollegiate Athletic Program.

Complimentary Tickets

Paine College may provide up to four (4) tickets to a student-athlete, but only in the sport in which the individual participates. These tickets may be for either “home” or “away” games. Away games will be dependent upon availability. The student-athlete must inform the Head Coach and identify the individuals to whom the tickets will be issued. The recipients of the tickets will then need to show government-issued identification and sign for these tickets. Be aware that these tickets cannot be sold by anyone. Any sale of these complimentary tickets is a serious violation of NCAA rules. Student-athletes requesting tickets must have their names submitted to their coach twenty-four (24) hours before the official contest.

NOTE: A partial qualifier or a non-qualifier **may receive admission to all of the institution’s regular season home intercollegiate athletics contests in the first academic year of residence.**

When used properly, complimentary tickets are an excellent public relation and recruiting tool. However, misuse can result in extensive loss of revenues, as well as administrative and NCAA sanctions. Therefore, it is essential that departmental staff understands the constraints placed on the distribution of complimentary admissions and be sensitive to the dollar amount involved in their allocation. The Director of Athletics must approve any exceptions to established policies.

STUDENT-ATHLETE ADVISORY COMMITTEE (SAAC)

The Student-Athlete Advisory Committee (SAAC) is a committee made up of student-athletes assembled to provide insight on the student-athlete’s experience. The SAAC also offers input on the rules, regulations and policies that affect student-athletes' lives on NCAA member institution campuses.

Presently, there are separate national SAACs for NCAA Divisions I, II and III. NCAA legislation mandates that all member institutions have SAACs on their respective campuses. Further, NCAA legislation requires that all member conferences have SAACs.

History of the NCAA Student-Athlete Advisory Committee

An Association-wide SAAC was adopted at the 1989 NCAA Convention and was formed primarily to review and offer student-athlete input on NCAA activities and proposed legislation that affected student-athlete welfare.

The initial national committee was comprised of student-athletes from all membership divisions for the purpose of ensuring that the student-athlete voice was one that accounted for the myriad of educational and athletics experiences of both female and male student-athletes at all NCAA member institutions. In August 1997, the NCAA federated along divisional lines. The federation caused the SAAC to expand to three SAACs representing NCAA Divisions I, II and III.

Each national divisional committee is comprised of both female and male student-athletes charged with the responsibility of assisting in the review of NCAA proposed legislation and representing the voice of the student-athlete in the NCAA governance structure. This is accomplished by providing student-athlete input on issues related to student-athlete welfare that are division-specific. (Federation has increased student-athlete participation in the governance

process of intercollegiate athletics by increasing the number of SAAC members from the former Association-wide committee of 28 student-athletes to a sum total of 79 members serving on the national Divisions I, II, and III committees).

The input of the respective Divisions I, II and III SAACs continues to be sought by a variety of constituencies within the Association. Student-athlete committee members have the opportunity to speak with their respective NCAA Management Councils, and the Divisions II and III SAACs continue to speak to legislative issues on the NCAA Convention floor.

National SAACs (Divisions I, II and III) at a glance:

- Generate a student-athlete voice within the NCAA structure.
- Solicit student-athlete response to proposed NCAA legislation.
- Recommend potential NCAA legislation.
- Review, react and comment to the governance structure on legislation, activities and subjects of interest.
- Actively participate in the administrative process of athletics programs and the NCAA.
- Promote a positive student-athlete image.

Mission Statement of the National SAACs

“The mission of the National Collegiate Athletic Association Student-Athlete Advisory Committee is to enhance the total student-athlete experience by promoting opportunity, protecting student-athlete welfare and fostering a positive student-athlete image.”

Paine College Student-Athlete Advisory Committee (SAAC)

The mission of the Paine College SAAC is to enhance the entire student-athlete experience by providing opportunity, protecting the athlete, and fostering a positive image. This committee will strengthen communication between the student-athletes, the entire athletics staff and the college as a whole.

The SAAC is composed of a student-athlete representative (preferably a sophomore) from every intercollegiate team. The SAAC meets every three weeks and provides a forum for team representatives to voice their concerns on a wide range of issues that are important to the student-athlete population.

Through their participation, SAAC members are afforded many responsibilities and opportunities, such as:

- Promote communication between athletics administration and student-athletes
- Provide a voice for student-athletes
- Encourage participation in community projects and campus organizations
- Promote special events for student-athletes
- Communicate information to teammates
- Participate in opportunities to enhance leadership skills
- Promote a positive student-athlete image

GRIEVANCES

Grievance Procedures

Paine College strives to create an environment where student-athletes have both positive overall experiences and clear avenues of communication with coaching and athletics administrative staff. From time to time, issues between student-athletes and coaches or other athletics staff may develop.

Informal Complaints

If an issue arises which you feel needs to be addressed, first discuss the issue with your coach or the athletics staff member involved determining if you can resolve your concerns. Issues related to playing time, position, and role on the team are solely up to the discretion of the coaching staff. Other, less formal, avenues for addressing your issues include discussing your concerns with your Team Captain or representative to the Student-athlete Advisory Committee (SAAC). If your coach is not able to address your issue, or if the issue involves Athletics Department or College policy, you should make an appointment to discuss your concerns with the Director of Athletics. The Director of Athletics may involve the Faculty Athletic Representative or Senior Women's Administrator in these discussions as necessary.

Formal Complaints

For matters of particular importance, student-athletes may submit formal, written complaints to the Assistant Athletics Director for Compliance. The Assistant Athletics Director for Compliance will review the complaint and refer the complaint to the appropriate campus department or initiate a resolution process, if required, within the Athletic Department. The student-athlete will be notified of the outcome of the resolution process and any proposed resolution(s) in writing. Copies of the written complaint, written resolution and supporting documents will be stored electronically in the Compliance Office.

If the student-athlete feels his/her concern has not been addressed satisfactorily, he/she may appeal the Assistant Athletics Director for Compliance decision to the Compliance Committee (CC). The CC will meet to review the appeal and solicit information from the student-athlete and athletic department personnel as needed to reach a decision. The CC may request interviews with the involved parties to aid in the appeal process. The CC will notify the student-athlete of its decision in writing and all appeals documents will be stored electronically in the Compliance Office. The decision of the CC is final and may not be appealed.

ELIGIBILITY REQUIREMENTS

Eligibility

Paine College is dedicated to ensuring the academic integrity of our student-athletes and the intercollegiate Athletics Program. NCAA regulations with regard to eligibility are designed to ensure that student-athletes are serious about their academic pursuits and maintain sufficient academic progress toward graduation each semester.

NCAA, Conference and Institutional Regulations

Student-athletes are required to adhere to all NCAA, SIAC and institutional rules and regulations throughout their collegiate career at Paine College. Failure to comply with all rules and regulations may result in the loss of athletics eligibility, loss of athletics financial aid (athletics scholarship), and/or dismissal from your team.

- ❖ Ignorance of NCAA, SIAC, and institutional rules and regulations is not an acceptable excuse.
- ❖ When in doubt about a particular rule, contact the Assistant Athletics Director for Compliance

ALWAYS ASK BEFORE YOU ACT!

Full-Time Enrollment

Student-athletes must be enrolled in twelve (12) semester hours in order to practice or compete. When a student-athlete drops below 12 semester hours, at any time, s/he is not eligible to practice or compete. Should a student-athlete in such a status compete in intercollegiate competition, the team must forfeit the contest(s).

If you are in your final semester before graduation you may be eligible while enrolled in less than 12 hours (undergraduate) and 9 hours (graduate) if Paine College certifies that the courses you are enrolled in are the only courses necessary for graduation during that semester. Please see the Director of Athletics if you wish to explore this possibility.

GPA Requirements

The NCAA requires student-athletes to be in “Good Academic Standing” with the college to participate in intercollegiate athletics competition. Paine College requires a 2.0 grade point average to be considered in good academic standing.

The grade point average is calculated by the same method used for all students and includes all coursework normally counted by the institution for the grade point average. For transfer students in the first semester, the grade point average is the full cumulative average of all courses taken at all institutions prior to arrival at Paine College. After the first semester, only coursework completed at Paine College is counted in the calculation of the cumulative grade point average.

9-Hour Rule

All student-athletes are required to earn a minimum of 9 credit hours in the immediate previous full-time term of attendance to be eligible for competition in the next semester. For transfer students, these nine hours must be transferable.

This rule does not apply to graduate students, or to students seeking a second Bachelor’s degree. If a student is in the final year of his/her degree program, the nine hours may be acceptable toward any of the institution’s degree programs as long as the student is carrying the necessary hours to complete the degree at the end of the two semesters.

18-Hour Rule

All student-athletes are required to earn a minimum of 18 credit hours since the beginning of the previous Fall term or since the beginning of Paine College's preceding regular two semesters to be eligible for competition. Hours earned during the summer do not apply to this requirement.

24-Hour Rule

All student-athletes are required to earn a minimum of 24 credit hours during any year in which the student-athlete is enrolled full-time. These hours may be earned since the beginning of the previous Fall term (including those earned during the Summer), since the beginning of Paine College's preceding regular two semesters (including those earned during the Summer), or a total of 48 hours earned during Paine College's first four semesters following initial full-time enrollment.

Beginning in the fifth semester, these credits must count toward the student-athlete's designated degree program. Remedial courses count for eligibility in the first year of attendance only; past that time, these courses do NOT count for eligibility.

Once the major is declared, all courses that will apply to meeting the 24 hour rule must count towards meeting graduation requirements within the major or core curriculum. (No extra electives that are not required may be counted).

A mid-year review of the 24 hours takes place for those found ineligible in the Fall and for mid-year transfers.

To be assured of credit for outside work, as with all students, student-athletes must receive prior approval from the Registrar to take classes at an institution other than Paine College. This approval is requested by the student completing the *Request for Transient Study Form* located in the Office of the Registrar. Once a student has begun attending Paine College he/she may complete a maximum of 18 transferable hours at another institution. Not all courses offered at other institutions are transferrable to Paine College, so it is important to receive approval from the Academic Division / Department and the Registrar in advance to make sure the credits will transfer into Paine College.

Designation of Degree

During the first two years of enrollment, a student-athlete can use credits acceptable toward any degree program to meet progress toward degree requirements as required by the NCAA. After a student-athlete's fourth semester of full time enrollment in any college or university, both Paine College and NCAA rules require the student to declare a specific degree program (major) before participating in the fifth semester.

Repeat Courses

Hours earned for a course that has been repeated due to an unsatisfactory grade may be counted toward NCAA Progress- Toward-Degree requirements only once, and only after the course has been satisfactorily completed. The definition of unsatisfactory grade is a D or F. Further, if your major requires a course grade of C- or better in a course for it to count towards

graduation, then you must earn a C- or better for the credits to count for NCAA progress-towards-degree.

Exceptions

There are a number of exceptions for unusual or extraordinary circumstances. If you think you may qualify for one of the following, consult with the Assistant Athletics Director for Compliance:

- ❖ Missed –Term Exception
- ❖ Midyear Enrollee Exception
- ❖ Non-recruited, Non-participant Exception
- ❖ Graduate Student Exception
- ❖ Two-Year Nonparticipation or Minimal Participation Exception
- ❖ Medical-Absence Waiver
- ❖ International Competition

Years of Eligibility (Medical Hardship)

A student-athlete has 10 semesters of full-time enrollment to complete four years of eligibility. You use one of these 10 semesters if you attend the first day of classes while enrolled full-time. You use one season of eligibility if you compete in any outside competition (including scrimmages with outside competition) during a season (either championship or non-championship season) in an intercollegiate sport.

You may be eligible for an additional year of eligibility if you are granted an injury "hardship" waiver. All hardship requests must meet the following criteria:

- ❖ They must involve an injury or illness which is beyond the control of the student or coach, and which incapacitates the student from competing further during the sport season in question as verified by the attending physician (M.D. or D.O.) who must have examined the student during the sport season in question.
- ❖ The student involved shall not have participated in more contests or dates, excluding scrimmages, in the affected sport during the sports season than those listed for the sport.

Release Rule

Student-athletes who wish to transfer to another college or university must request a release from their coach or the compliance office in order to speak to another four-year institution. It is the policy of the Southern Intercollegiate Athletic Conference that any student-athlete who transfers to another SIAC institution "sit out" one calendar year from the time of enrollment. Coaches may also request that a student-athlete not be released to a specific school(s), or to schools in a specified region(s). The coach must grant the release in order for the student-athlete to be immediately eligible at the new institution.

Recruiting

Student-athletes may write to prospects to encourage their enrollment at Paine College, but it may not be done at the direction and/or the expense of the college. A student-athlete may not telephone recruits but may accept telephone calls made at the prospect's expense. Student-

athletes are also prohibited from making any statements to media members about recruits, a recruit's athletic ability, or the likelihood that a recruit will attend the College. This includes social media restrictions as student-athletes cannot use social media outlets to publicize a prospect's visit to campus or his/her decision to enroll at Paine College.

Student Host Responsibilities

A student-athlete may be asked by a coach to host a recruit who is on an official visit to campus. While serving as a host, a student-athlete may be given host money for the purpose of entertaining the recruit. This money may be used for food, arcades, movies, theatres, bowling and other entertainment activities, but may not be used to purchase souvenirs (e.g., hats, t-shirts, etc.) for the recruit. A student-athlete may transport the recruit to activities within a 30-mile radius of campus, but must not allow the recruit the use of a car. The College cannot provide the use of a car to the student-athlete for the purpose of hosting a recruit. A student-host will receive a list of host instructions when given host money by the coach. Student-athletes who host a recruit will be required to sign a Host Form prior to the beginning of the visit for each prospect that they host.

Student-athlete hosts are required to submit all information pertaining to the entertainment of prospective student-athletes and, with the prospective student-athlete to adhere to NCAA and institutional rules. This includes submitting all receipts and/or leftover money from money given for the entertainment of a prospect to the coach at the conclusion of the prospect's visit.

Hardship Waivers

Seasons can be restored for season ending injuries in the following circumstances:

- ❖ Participation has occurred in less than twenty percent of the scheduled competition
- ❖ The injury or illness is certified by a medical professional as being season-ending

The specifics of restoring a season of competition can be complex, so be sure to communicate effectively with Sports Medicine staff and your coach and confer with the Compliance Office as necessary to assure that you have the best opportunity for continued health and competition.

Also, please realize that although a medical Hardship Waiver can restore a season of competition, it does not restore any terms toward the 10 semester rule to complete your intercollegiate competitive career.

The conference ultimately determines whether or not to grant a Hardship Waiver; therefore, submission of paperwork does not guarantee a waiver being granted. The student-athlete and sports medicine staff must present all necessary paperwork to the compliance office within 30 days of the end of the student-athlete's playing season for submission to the corresponding conference.

The information below is needed to submit the Hardship Waiver:

- ❖ Contemporaneous medical documentation specifically stating that the

student-athlete was unable to compete during the remainder of the season due to an injury or illness.

- ❖ The documentation must be official doctor's notes, a letter from the doctor. Training room notes can be used to supplement the doctor's notes but will not be accepted alone.
- ❖ Written notification from treating physician in support of the contemporaneous documents stating the incapacitation of the student-athlete due to injury.
- ❖ Letter from physician showing the initial diagnosis or onset of the injury.
- ❖ Acquire the student-athlete's signature on the Conference Waiver Request Form.
- ❖ Any and all medical documentation that shows severity of injury.
- ❖ Timeline of injury and recovery process from Athletics Trainer.
- ❖ Statement of the injury and timeline from the student-athlete.

Transfers

A student-athlete is a transfer student if the Registrar or Admissions Officer from his/her former college certified that the student was officially registered and enrolled at that college in any term in a minimum full-time load and they were present on the opening day of classes, or the Director of Athletics certifies that the student-athlete reported for the regular squad practice that any staff member of the Athletics Department of a college announced before the beginning of any term.

Transferring In

For transfer students to be eligible for competition in their first year at Paine College, they must meet one of the transfer exceptions listed in Bylaw 14 of the NCAA Manual. These are tedious and cumbersome to understand, and questions can be directed to the Assistant Athletics Director for Compliance.

Final determination/certification of eligibility for a newly admitted transfer student will be completed by the Registrar, FAR, and Assistant Athletics Director for Compliance upon receipt of all final and official college/university transcripts.

Any transfer should review the regulations in the NCAA Transfer Guide.

Transferring Out

As a general rule, Paine College honors a student-athlete's request to transfer to another institution provided the student-athlete is in good social and financial standing. A Head Coach may recommend to the Director of Athletics that the release request be denied. The Director of Athletics will confer with the Assistant Athletics Director for Compliance concerning this request. The Director of Athletics then will make the final decision. The transfer request process is as follows:

- ❖ A student-athlete who wishes to discuss the possibility of transferring to another institution must contact the Head Coach.
- ❖ If the Head Coach approves the request to transfer to another institution, the student-athlete is referred to the Assistant Athletics Director for

Compliance for a meeting during which the student-athlete will discuss transfer plans.

- ❖ The Assistant Athletics Director for Compliance will send out a permission to contact letter to those schools the student-athlete indicated and keep a copy on file in the Compliance Office.

If a transfer request is denied, student-athletes are permitted to request an appeal. The transfer appeal process is:

- ❖ If the transfer request is denied, the student-athlete and the Head Coach will meet with the Director of Athletics to discuss the reason for the transfer request and the rationale for denying it.
- ❖ If the request is not granted at this level, the student-athlete is referred to the Faculty Athletics Representative, who makes the appropriate arrangements for the Appeals Committee to hear the case.
- ❖ The student-athlete sends written notice to the Faculty Athletics Representative of the request for a hearing. Written notice of an appeal must be received from the student-athlete within two weeks from the date of his/her original meeting with the Head Coach and Director of Athletics.
- ❖ The committee, at its discretion, may hear the appeal in a variety of communication forms (in writing, in person, by telephone, by videoconference, etc.) However, once the method of communication has been established for that particular case, that method shall be used to hear both sides.
- ❖ Once a decision for a particular case has been reached, the Committee Chair shall inform each side involved in writing.

Amateurism

The NCAA Eligibility Center makes the initial amateurism decision for the institution. Continuing students are certified by the College. In both cases, it is the responsibility of the student-athlete to complete carefully and fully the information requested by the institution or the NCAA.

Amateurism is sport specific unless a student has been professional in:

- ❖ Cross Country, Indoor Track & Field or Outdoor Track & Field (Considered professional in all three)

Acts that result in a loss of amateur standing and eligibility, after initial full-time college enrollment, include:

- ❖ using athletics skill (directly or indirectly) for pay in any form in a sport
- ❖ accepting a promise of pay even if such pay is to be received following completion of intercollegiate athletics participation
- ❖ signing a contract or commitment of any kind to play professional athletics, regardless of its legal enforceability or any consideration received
- ❖ receiving, directly or indirectly, a salary, reimbursement of expenses or any other form of financial assistance from a professional sports organization

- based on athletics skill or participation, except as permitted by NCAA rules and regulations
- ❖ competing on a professional athletics team, even if no pay or remuneration for expenses was received
- ❖ entering a professional draft

Any time, before or after College enrollment, entering into an agreement with an agent will cause a loss of eligibility. The NCAA rules do not prohibit student-athletes from receiving information about prospective agent or financial advisors. Nor do they prohibit engaging in telephone or in-person meetings or discussions with an agent or financial advisor. However, there is not anything that an agent, financial advisor or their representatives can legally do for a student-athlete or their family prior to completion of eligibility.

Appealing Cancellation of Athletics Aid

If your aid is reduced or discontinued, you will receive a letter from the Financial Aid Office notifying you of such. If you feel that the cancellation of your aid is unfair or unjustified, you have the right to request a hearing, as provided by NCAA regulations. The letter reducing or discontinuing your athletics aid explains the appeal process you must follow. You must act within the timeline in the letter for an appeal to be heard. You must have had meetings with your Coach and the Director of Athletics about the decision not to renew your scholarship before an appeal will be heard by the Athletics Appeals Committee. The decision of this committee is final.

Appeals Process - Disciplinary

If the student-athlete feels that sanctions are unduly harsh or unfair, due to unusual circumstances, he/she may appeal in writing to the Vice-President of Student Affairs within two weeks of the official notification of sanctions by the Director of Athletics. The Vice-President of Student Affairs will render a final decision in writing. The student-athlete will remain ineligible during the appeals process.

Appeals Process-Academic

A student who is suspended or dismissed from the College may appeal, in writing, to the Enrollment Management Committee through the Provost/Vice President of Academic Affairs within ten business days of the date on the letter of dismissal. Documentation stating specific reason(s) for appealing must be provided by the student when submitting the letter of appeal. The letter of appeal can be emailed to appealletter@paine.edu or mailed to:

OTHER TOPICS

Athletic Transportation

Each student-athlete is required to travel with his/her teammates to and from all activities. Prior written permission must be obtained from the Director of Athletics for any exceptions to this policy. This process is necessary because of legal and liability issues designed to protect the student-athlete and Paine College. The College does not assume responsibility when a student-athlete travels with others, even if approved by the Director of Athletics (or representative).

The transportation mode for Paine College Athletic Teams is on either bus or van. It is prohibited for a student-athlete to drive any vehicles that transports team members. Also, tobacco, illegal drugs and alcohol products are not allowed in buses or vans, under any circumstances. This rule applies to coaches, staff, graduate assistants, student assistants and trainers as well.

Athletic Equipment

At the start of the sports playing season, the respective coaches will issue athletic equipment. At the end of the sports playing season, the student-athlete will be asked to return the equipment.

The equipment will be re-issued for use during the Summer if the coach decides that the team will use the equipment the next season. Should the equipment or apparel not be used next season, it must either be returned or purchased.

Tips for New Student-Athletes

- Keep ahead of deadlines. Use a calendar or planner to organize your time to help alleviate unnecessary stress.
- Talk to your professors. If you take the time to talk with them, you will better understand what they expect from you.
- Go to the Paine College Online Bookstore before or right after classes start each semester so you can get your books as soon as possible. Check with the Director of Compliance for NCAA Compliance for the designated book purchase dates, if you have a student-athlete book award.
- The State of Georgia Department of Health requires that you meet certain immunization requirements before attending College. If you have questions about immunizations, you may contact Student Health Services at (706) 396-7644.
- One of the most challenging things about college is adjusting to a new time schedule. To maintain your mental and physical health, be sure to get the amount of sleep your body needs.
- If you are having difficulties with your classes or need academic assistance, your options include tutoring at the Tutorial and Enrichment Center.

- For those living in the residence halls, contact your roommate to discuss who will bring which appliances. If you do not, you may end up with two televisions and no alarm clock. We suggest you bring the following items: twin bed sheets, laundry basket, extensions cords, storage boxes, shower curtains, flip-flops for the shower, alarm clock and reminders of home.
- Get involved in the community. There are lots of things to do in the surrounding community.
- If you intend to do an internship or co-op, plan in advance. Visit with a staff member in the Office of Career Services early in your academic career to plan your future.
- Call your family or send an e-mail message to someone back home to help you stay in touch and keep from getting too homesick.
- For academic information and official announcements, check your Campus Post Office often and your Paine College e-mail on a regular basis.
- If you are interested in joining student organizations or clubs, contact the Office of Student Activities.

EXIT QUESTIONNAIRE

Program Evaluation

Members of the athletic department leadership team are always interesting in hearing the feedback of student-athletes. Spontaneous and unsolicited feedback that shares which facets of the athletic experience are strengths and which facets could be improved are equally valuable to athletics administrators striving to provide the best possible student-athlete experience at Paine College. While informal feedback is always welcome, student-athlete feedback will formally be solicited by the department each year in several ways.

End of Season Evaluations

At the close of each season, the Senior Woman Administrator will arrange meetings with student-athletes to conduct the End of Season Evaluation survey. This survey instrument is an online survey designed to capture student-athlete perceptions concerning several areas related to intercollegiate athletics, treatment of student-athletes, facilities, student-athlete wellbeing, study habits, drug and alcohol use, selected learning outcomes, and a performance evaluation of the coaching staff.

Exit Interviews

The Faculty Athletic Representative (FAR) will annually conduct exit interviews with all graduating student-athletes or those who have exhausted their athletic eligibility. The interview will consist of a short series of questions around which the FAR and the student-athlete can have a conversation. This feedback will be used by the FAR in consultation with the Director of Athletics to inform decisions concerning the student-athlete experience at Paine College.

*To work diligently for a better understanding
of the White and Black races:*

*Such is the spirit and ideal of Paine College.
To all who share this spirit and are eager for the pursuit
of high things, we offer a hearty welcome.*

The Paine College Ideal was originally developed by a
faculty committee appointed by President E.C. Peters in 1933
and was revised by the Board of Trustees at the spring meeting in 2003.
